POLICY OF U. S.  
HIT BY GLASS

Senator Declares Government Has No Right to Approve or Disapprove Financial Deals.

FRENCH AND POLISH  
LOANS ARE CAUSE

Glass Declares American Policy Is Dangerous Usurpation of Authority by Officials.

BY RAYMOND CLAPPER.

Washington, October 13.—(United News.)—The state department's policy of scrutinizing in advance foreign loans contemplated by American bankers has been attacked by Senator Carter Glass, Virginia, democrat, who is regarded as a fiscal authority in congress because of his part in framing the federal reserve act.

Glass regards this loan policy as a dangerous usurpation of authority and one which might be put to vicious use by an unscrupulous official.

## French Loan Approval.

His attack was prompted by statements that the state department had approved the French refunding loan and the \$700,000,000 Polish loan and the \$200,000,000 Prussian loan, now about to be floated.

"By sanction of what constitutional authority or federal statute does the state department assume to review and visa private financial transactions to which citizens or corporations of this country are parties in interest, together with their foreign debtors, and in which the government of the United States has no stake and with which it has properly nothing whatsoever to do?" he asked.

"Since there is no authority for examination and review of a proposal, it would be interesting to know who is to determine whether the power thus irregularly exercised was used wisely or imprudently, fairly or capriciously, with intent to subvert the public interest or with purpose to enrich some and punish others?"

## Power Is Attacked.

"Such extraordinary power, incongruous and in every way inappropriate, is not essential for the achievement of any good purpose, but might be too readily employed in illicit and dishonest pursuit. As an exponent of partisan political advantage or reprisal it might be used in any way to involve scandal at home and ill-feeling abroad. It is an official power of character and devoid of the high sense of probity possessed by the incumbent secretary of state would be tempted to pervert the power to private uses. Supersede this thoroughly upright cabinet minister with a 'faithless' and thrifty person, and the imagination would be taxed to compute the profits in the barter of votes and vetoes which might ensue."

Senator Glass added that the state department has no more right to prohibit the sale of American credits abroad by the National City bank, the Chemical National bank or the House of Morgan, or all these combined, than it has to favor or veto the sale to the European trade of the products of General Motors, the United States Steel corporation, Henry Ford or other private concerns in this country."

## Beginning of Policy.

The state department's policy of scrutinizing proposed foreign loans was begun in the summer of 1921 when Harding and Hughes called in a group of American investment bankers and asked them to submit data in advance regarding contemplated loans in order that the government might enter objections if the proposed loans were thought to interfere with the best American interests. It was stipulated that in no sense would the government pass on the financial soundness of the proposed securities and that it was to be used in approving or selling the bonds.

It was the understanding of some leading senators that this policy was adopted to be used as a club in inducing nations to fund their war debts. It has since been followed in the majority of loans even after war debts were settled.

State department officials, when advised of the policy of Senator Glass, said that there is no authority of law to compel bankers to submit proposed loans for scrutiny but that the bankers had agreed voluntarily to do so as a matter of patriotism.

FOUR OTHERS HURT  
IN HEAD-ON CRASH

Doctors Fear Fractured Skull for Miss Kathryn Haseltine, Victim of Spring Street Accident.

Four persons narrowly escaped death and another is in Grady hospital in a serious condition with a possible fractured skull as the result of a head-on automobile crash late Thursday night on Spring street, at the intersection of Tenth street, according to police reports. Both cars in the collision were turned completely over and badly damaged.

Miss Kathryn Haseltine, of 215 East Oxford avenue, College Park, was rushed to Grady hospital, with a deep laceration on the head, and doctors stated that she had a possible fracture of the skull and brain concussion. Others hurt in the crash are: Miss Nell Chambers, of 515 Hopkins street; Carl Lyon, of DeKalb avenue; George Bickstaff, of 954 Williams road, and Archie Lyon, 23, of 715 Marietta street.

Miss Chambers was cut about the face and arms and had a tooth broken off and severe bruises about the legs and hip. Carl Lyons was cut about the face and badly bruised. Bickstaff was severely shaken up and bruised while Archie Lyon received minor cuts and bruises.

Archie Lyon, driver of one of the cars that figured in the accident, was arrested by Call Officers J. A. Brown and G. N. Ellis, on a charge of driving a car while under the influence of liquor and reckless driving.

According to information given police, Bickstaff, driver of the car in which Miss Haseltine, Miss Chambers and Carl Lyon were riding, was going south on Spring street, and, seeing a car approaching from the opposite direction at a high rate of speed and on the wrong side of the street, drove to the curb and stopped his machine. Archie Lyon, driver of the other car, failed to stop, it is said by police, and crashed head-on into the Bickstaff car.

Father Appeals to Commission to Cancel Son's License for 3 Months.

New York, October 13.—(United News.)—When the dimples of a pretty girl failed to warm a 16-year-old radio fan away from the toils of his set, an anxious father, as a last resort, requested the government to step in and prevent his son from doing a lingering death from radio mania.

Eric H. Palmer, Sr., of Brooklyn, has written the radio commission at Washington, asking it to suspend for three months the amateur radio operator's license held by his son, Eric, Jr. In three months Eric has lost more than 20 pounds, has become pale and stooped shouldered and has lost his appetite, his aunt, Mrs. Helen Willis, told the United News tonight.

"And if something isn't done in a hurry, not only Eric, but his father and mother will be suffering from nervous breakdowns," she added.

Mrs. Willis explained that the Palmers had resorted to every device imaginable to prevent their son from listening to the radio.

Party of 300 Men Attack Constabulary Force, Commanded by American Officers.

TWO U. S. OFFICERS  
SOUGHT BY MARINES

Lieutenant and Sergeant Are Believed To Have Been Captured and Held for Ransom.

Washington, October 13.—(United News.)—Nicaraguan bandits clashed with the American-commanded Nicaraguan constabulary, killing four and wounding a great many, according to advices to the navy department today.

The battle occurred while the Nicaraguan guard, under the command of Lieutenant O'Shea, were searching for two missing marine aviators near Quilali, where the lost fliers crashed.

Casualties inflicted on the bandits were between 25 and 50 dead, the report said.

According to the navy report, Lieutenant O'Shea's detachment was attacked by 300 bandits. After the battle the constabulary returned to its base at Jicaros. A second column of native guards and marines were organized to continue the search.

The two missing fliers are Second Lieutenant Earl A. Thomas, of Richmond, Ind., and Sergeant Frank E. Dowell, of Carbonate, Colo. This week they were erroneously reported to have been rescued by a detachment of guards and marines.

Admiral Davis E. Sellers reported today that the constabulary returned to its base at Jicaros. A second column of native guards and marines were organized to continue the search.

Santos Lobos, believed to be a Nicaraguan bandit leader, was killed and seven of his band captured during another skirmish with American forces at Pueblo Nuevo, the American military commander at Managua notified the navy department.

MISSING LIEUTENANT  
SOUGHT BY MARINES

Washington, October 13.—(United News.)—American marines have killed the Nicaraguan bandit leader, Santos Lobos, and captured seven of his men, Admiral Davis E. Sellers reported today to the navy department.

A second patrol of marines and Nicaraguan guardsmen, the admiral said, is being organized to search for Lieutenant Earl A. Thomas, of Richmond, Ind., and Sergeant Frank E. Dowell, of Carbonate, Colo. This week they were erroneously reported to have been rescued by a detachment of guards and marines.

A detail under the command of Lieutenant George J. O'Shea, of Brooklyn, N. Y., which went to their rescue following the accident, was engaged by a Nicaraguan bandit band of 200 and near the Nicaraguan troops were killed, together with 25 to 30 of the bandits.

Two American aviators who crashed while on patrol last Sunday are missing and marine headquarters here fears that they have been captured by bandits and held as hostages.

Threats, second Lieutenant L. A. Thomas and Sergeant Frank E. Dowell, first were reported to have reached Jicaros after the crash, but General L. M. Gulick today said that this report was erroneous.

After the crash a patrol was sent out from Jicaros to search for the missing aviators. Arriving at the scene of the crash the patrol was attacked from three sides by about 350 bandits. Severe fighting followed and four members of the national guard were killed. The guardsmen finally cut their way out and returned to Jicaros without locating the missing aviators. Other air patrols have been sent out but no trace of the men has been found.

FASCISM SCORED  
BY LABOR CHIEF

Italy's Form of Government Denounced as 'Reprehensible to Labor's Conception of Freedom.'

Los Angeles, October 13.—(United News.)—Fascism was likened to communism and both were denounced as "reprehensible to labor's conception of freedom, democracy and liberty," by President William Green of the American Federation of Labor today.

A resolution emanating from the "journeyman tailors' union asking the convention to reaffirm its stand against fascism and to oppose fascist activity among Italian born workers in the United States, inspired President Green to voice the federation's sentiments.

So that the world might know, he said, trade unionism in America is just as much opposed to fascism as to communism. "Each is a dictatorship, both are autocratic in their influence and control."

Fascism in Italy, he added, has taken from the workers every liberty they had gained.

The fascism question climaxed the convention of the labor body after it had registered its indorsement for immediate independence for the Pacific islands and the principles of free speech and free press. Unanimous approval was given a resolution favoring exclusion of Asians from continental United States.

Cecil Dais, Said To Be Former Grand Titan, Pays Penalty of Contempt of Court.

WITNESS DEFIES  
FLOGGING PROBERS

Birmingham Man Tells Judge He Has Taken Oath Not to Reveal Information Sought.

Laverne, Ala., October 13.—(United News.)—Cecil Davis, of Birmingham, said to be the former grand titan of the southern province of the Ku Klux Klan, was sentenced to five days in the county jail by Judge A. E. Gamble today for contempt of court in refusing to answer questions of the grand jury investigating masked violence in Crenshaw county.

The questions which Davis refused to answer, it is said, related to the membership of Ira Thompson, a witness in the flogging investigation, in the Laverne klavern of the Klan.

David told Judge Gamble that he refused to answer the questions because he had "taken a prior oath" obligating himself not to answer them.

## Esdale To Appear.

James Esdale, grand dragon of the Ku Klux Klan in Alabama, will be questioned tomorrow by the grand jury. This was learned today when the Klan held a "te" outside of the state, wired Attorney General Charlie C. McCall that he had just learned of the summons for him and would present himself before the grand jury if he was wanted.

Mr. McCall immediately telegraphed Esdale to report tomorrow "if possible." The attorney general has not indicated in what connection the Klan head will be questioned.

This fact, coupled with the recall today of George H. Thippen, state superintendent of insurance, and four men who are alleged to have taken part in Crenshaw county floggings, was taken as an indication that the grand jury will make no report before tomorrow night at the earliest.

Mr. McCall took occasion today to vigorously deny published reports yesterday that the four men, Shelby Gregory, J. P. Williamson, P. H. Miller, and Maxie Miller, had turned state evidence, confessed their parts in the masked floggings and implicated others.

Attorney General McCall, who has personally directed the investigation, has indicated that more than 100 indictments will be returned by the grand jury in connection with 20 or more floggings in Crenshaw county during the last two years.

POWER CO. BRIDGE  
AID AGAIN SOUGHT

City Will Reopen Negotiations as to Terms of Contribution Toward Cost of Viaducts.

Mayor I. N. Ragsdale and members of the bridge committee of city council will reopen negotiations with the Georgia Power company in an effort to iron out differences which have arisen as to the conditions under which the company will contribute \$400,000 towards construction of the Pryor street and Central avenue viaducts, according to a decision Thursday of the city council.

The deadlock has prevented financing the projects for the past several weeks. At the last session steps were taken to close formally contracts between the city and railroads whose lines will be affected by erection of the projects were taken, and Mayor Ragsdale was asked to arrange the matter as soon as possible with a view of expediting work on the improvements.

Another meeting of the bridge committee, of which Alderman William B. Hartsfield is chairman, is slated for 2 o'clock this afternoon for the purpose of selecting an acceptable bidder to which the city would be willing to award the contract for lowering the tracks.

## Bids Under Estimate.

Every bid submitted for its work was under the estimate of Walter F. Schulz, of Memphis, consulting engineer, who placed the cost at \$304,000. The highest bid was \$296,917.10 and the lowest \$298,048.

Preston S. Arkwright, president of the power company, was detained Thursday in Chicago at the national meeting of the gas association, and will not return to the city before Monday. A conference between him and city officials is thus precluded before that time.

Seven bids, which the committee will consider at the meeting this afternoon, are: Brooks Construction company, Greensboro, N. C., \$219,514.25; Gauger-Korsmo Construction company, Memphis, \$248,840.31; MacDonald Construction company, Atlanta, \$281,070.80; Reid & Lowe, Birmingham, \$291,070.80; Nichols Contracting company, Atlanta, \$296,917.10.

ELDER AND HALDEMAN SAVED  
AS STORM DELAYS FLIGHT  
AND FLAMES DESTROY PLANERUTH ELDER TOLD  
TO CONTINUE TRIP  
TO PARIS BY SHIP

"Let Her Go by Steamer and Reap Glory Which Is Justly Due Her," Says Backer.

WHEELING HAPPY  
FLIERS ARE SAVED

Citizens Are Prepared To Give Elder and Halde- man Wild Welcome on Return Home.

Wheeling, W. Va., October 13.—(United News.)—"Go on to Paris" was the terse, eloquent message of instruction to night from Wheeling backers of the American Girl trans-Atlantic flight to Miss Ruth Elder, during Lakeland, Fla., aviation and her co-pilot, George W. Halde- man, now safe aboard a Dutch tanker somewhere near the Azores.

Captain Halde- man requested instruction from the sponsors of the flight after he and Miss Elder had been snatched aboard the steamer from the tossing ocean surface. The message was relayed by radio from the tanker to the Paris office of the Associated Press, and then by cable to Joseph D. Holloway, of Wheeling, one of the sponsors. The reply was transmitted through the Associated Press to Paris and then by radio to the pair at sea.

## Will Complete Trip.

"Miss Elder wanted to go to Paris," said Holloway explaining the instruction given Halde- man. "She tried hard to get there by plane, and to turn back now would be cruel, and indicative of a lack of appreciation for loyal service. Let her go by steamer and reap the glory which is justly due her."

"How do you intend that they reach Paris?" Holloway was asked.

"Halde- man will choose his own route and method," he replied.

The Wheeling backers were jubilant tonight over the rescue of the fliers.

"It has been a terrible strain, just waiting, said Holloway. "But that does not mean that we gave up hope. We pinned our faith in Halde- man's ability to handle the plane and the fact that they were found far south of the charted course bears out our belief that he was able to evade storm centers and still maintain the direction of his objective. Even if they had been lost, we would have been proud of both Miss Elder and Halde- man. They possess the skill and daring of true Americans."

## Leaves for New York.

Holloway left tonight for New York to join H. E. Cornell and T. H. McCord, Lakeland, Fla., business men who have handled the flight instructions since the fliers landed at Roosevelt field September 12 after a flight from Wheeling. He will remain there, ready to supplement in more detail the instructions to Miss Elder and Halde- man.

A general air of jubilation pervaded Wheeling today as the welcome news of the rescue at sea was flashed from Paris. Joy reigned in the city. Already the citizenry is preparing to join the backers in a wild welcome to the fliers upon their return.

Initial steps in what will be a \$10,000,000 reconstruction of the sewerage disposal system of Atlanta were taken Thursday by the sewer committee of city council when that body voted to ask Fulton county commissioners to let excavation work preparatory to laying of a concrete sewer from the present disposal plant at Peachtree creek to the Chattahoochee river.

Action of the sewer committee will be offered to city council Monday for approval and then will be transmitted to the commissioners, who it is said, already have agreed to comply with the request, if council favors it.

Decision of the council may be the first move in a plan inaugurated several months ago to remove the Peachtree disposal plant, combining it with the city sewerage system.

PRESIDENT CALLS  
FOR SUMMERALL

Conference on Budget Announced But General's Criticism of Army Housing May Be Cause.

Pittsburgh, Pa., October 13.—(United News.)—Everett Sanders, secretary to President Coolidge, announced here tonight that the president had called Major General Charles P. Summerall from his San Diego post "for a conference on the budget."

Earlier Sanders had said he knew nothing about reports that Summerall had been recalled for a speech condemning army housing conditions as disgraceful.

A conference "on the budget" with Summerall could only relate to army expenditures, and apparently would be in connection with Summerall's charges that the buildings in which many army men are housed are firetraps.

Additional budget allowances would be necessary to correct such a condition. Sanders, however, declined to amplify or explain in brief statements.

PRINCESS ILEANA

New York, October 13.—(United News.)—The New York Evening Post late today printed a special dispatch from Bucharest declaring rumors were prevalent in the Rumanian capital that Princess Ileana had eloped with a young naval lieutenant, aide de camp to the late King Ferdinand, her father.

The princess has been missing for two days from her usual haunts, the dispatch said, and is thought to be on a yacht in the Black sea.

The cable to the Evening Post read: "Princess Carol's youngest sister, Princess Ileana, has been the cause of worry in governmental circles and has been missing for two days."

American Histories Called  
Hotbed of British Propaganda

BY EDWIN L. HECKLER.  
Chicago, October 13.—(United News.)—Evidence intended to prove that American school histories are "top heavy with British propaganda" was presented to the city board of education today by John J. Gorman, former congressman assigned by Mayor Thompson to investigate the texts.

Gorman was a witness at the trial of William McAndrew, suspended superintendent of schools and alleged agent of British propagandists, who are charged by the Chicago mayor with attempting to make us believe that we always are wrong and always have been.

The star witness for the prosecution attracted only a handful of spectators in the hearing at the board room.

Gorman declared that almost without exception the histories used in Chicago schools and approved by Superintendent McAndrew showed a definite pro-British tendency, belittled the heroic deeds of our forefathers and contained unpatriotic and untrue statements regarding the relations of the United States and the empire of King George.

While the errors of the general run of historians were bad enough, according to Gorman, he was particularly bitter against Dr. David S. Muzzey, of Columbia university, who had written histories which are widely used as texts.

"It is significant," Gorman said, "that the crown of King George still caps the campus of this eastern university (Columbia), which originally was called King George's college."

The 1925 edition of Muzzey's school history calls the continental congress a collection of quarrelsome, pettifogging lawyers and mechanics.

3,000 Miles Covered  
Before Flight Ends

Ruth Elder and Captain George Halde- man, who hopped off from Roosevelt field Tuesday bound for Paris, had covered approximately 3,000 miles of the total distance of 3,900 when their plane was forced down in the Atlantic ocean near the Dutch tanker Barendrecht, according to Associated Press dispatches. The plane landed at a point about 325 miles northeast of the Azores. The fliers will be landed at the Azores Saturday morning and probably will catch a ship there for Europe. The Barendrecht is bound for Pensacola.

## BY CAPTAIN GOOS.

Commander of S. S. Barendrecht. (Copyright, 1927, by United News.) Aboard Dutch Tanker Barendrecht, October 13.—(By Radio to the United News.)—Miss Ruth Elder and her navigator, Captain George Halde- man, landed alongside our tanker at 10:30 a. m. today after flying for five hours with no oil pressure in their motor.

Their monoplane, an American Girl, had encountered a severe storm during Wednesday night. Heavy winds buffeted them from 7 p. m. Wednesday until 2 a. m. today.

The storm caused the plane to be blown off its course. Both Miss Elder and Captain Halde- man were extremely fatigued by the arduous journey, but escaped injury when their plane landed on the water.

While we were trying to take the American Girl to the Azores, the plane was blown off its course and the plane burned up and nothing was left of it.

We intend to land the crew of the airplane at the Azores Saturday morning.

PLANE IS DESTROYED

## Ruth's Great Grandfather YOUTH MARRIES DAUGHTER OF MASTER Sold as Slave in America

Gadsden, Ala., October 13.—(AP)—A large portion of the spirit of adventure that sent Ruth Elder out over the sea in an attempt to span the Atlantic by air, may have been inherited from her paternal great grandfather, who came to America as a stowaway, was sold as a slave in Philadelphia and eventually married the daughter of his master.

The story was told here today by Mrs. James R. Senior, and Mrs. Edwin Greer, of Gadsden, sons of the girl transatlantic flier. It is a story, they said, that is recounted at the yearly "Elder memorial reunions" when the members of the Elder family meet in annual gathering.

A canny Scot was William Elder, who about the middle of the last century slipped aboard an American vessel in a Scottish port and managed to remain hidden until the ship was well out at sea.

After the ship docked, he was sold as a slave in Philadelphia as punishment for his act. But the diligent Scotchman soon purchased his freedom and to seal the bargain won the daughter of his former master as his wife.

"That," said Mrs. Senior, "was the great-grandfather of Ruth Elder. Who can say that history is not repeating itself in the Elder family?"

## Mercury Rise And Fair Skies Seen for Today

While Thursday's chill breezes sent the mercury tumbling to the season's low mark of 47, no frost is anticipated today by the local weather bureau.

Fair skies, gently rising temperatures and moderating wind velocities are predicted for today by the local weather bureau.

From a low mark of 47, the thermometer touched 70 here at midday Thursday, and today's extremes are expected to rise several degrees above these figures.

## FLORIDA HOME TOWN HOLDS CELEBRATION

Lakeland, Fla., October 13.—(AP)—Lakeland, the home of Ruth Elder and George Haldeman, turned out en masse tonight to a celebration of the flier's safety and to hear speakers point to their indomitable spirit as the sort that overcame every obstacle.

Preceded by the Lakeland drum and bugle corps, Southern college students snaked along the thousands in Munn park where the public program was held.

J. J. Haldeman, father of George Haldeman, told the crowd that "it was the prayers of you people" that saved the young people. Buddy Roney, retired actor; W. S. Rodgers, mayor; Ed R. Bentley, president of the chamber of commerce; J. H. Hudson, Lewis, secretary; and Rev. G. I. Miller referred to the achievement of Miss Elder and Haldeman as a triumph, despite their failure to reach Paris.

"Luth gets results," Mr. Miller said. "Lakeland is a young city, my friends, but it will have the best air field in Florida."

"That's just like George," declared Mrs. J. J. Haldeman this afternoon as two commercial airplanes from the municipal field circled over her residence on Lake Morton drive, whirled and dipped as part of the general observance. "George always flew over his home and ours to let his wife and me know he had returned."

Mrs. Haldeman said she had been her apron to wave, but the planes got away.

"Our joy is now unbounded," Mr. Miller said. "While no message has yet come from Ruth to her parents they realize that the girl flier will communicate with them as soon as she reaches a point where facilities are available."

But the realization that she is safe is all that is necessary at the moment. Friends and relatives who trooped into the Elder home this afternoon joined with the parents in the general celebration.

"We're so glad Ruth is safe. That's all."

BERLIN RECEIVES NEWS OF RESCUE WITH REJOICING

Berlin, October 13.—(AP)—The first news of the rescue of the crew of the American Girl was received here with rejoicing. The papers, however, took the adventure as a cue for renewed opposition to transatlantic flying at this time of the year. Under the caption, "These Ocean Flights, they enumerated past and present misfortunes and accidents as convincing reasons for postponing such flights until next spring."

## RUTH SENDS MOTHER RADIO SHE IS SAFE

Anniston, Ala., October 13.—(United News.)—Mrs. J. O. Elder received the first direct news from her daughter, Ruth Elder, at 3 p. m. today in a cablegram relayed from the steamship Barendrecht.

"We are safe and no one any worse off. Landed by steamship Barendrecht. Wire you plans later. Love, Ruth."

The cablegram was sent from the steamship to New York and was relayed to Anniston by Postal Telegraph.

## RUTH AND HALDEMAN RESCUED FROM SEA

American Girl ended at 10:30 a. m. today, when she and Captain George Haldeman, her navigator, brought their plane down the Atlantic ocean beside the little Dutch oil tanker Barendrecht.

The plane, which had been forced down by a broken oil line, burst into flames and sank steeply. A gasoline tank had exploded while its crew and that of the tanker were attempting to pull it aboard.

The Barendrecht, with the fliers aboard is now headed toward the Azores.

First authentic details of the dramatic climax of the American Girl's flight were given by Captain Goos of the Barendrecht in an exclusive radio dispatch Thursday night to The United News.

Ship Hits Storm. Captain Goos revealed that the monoplane, which left Roosevelt field, L. I., at 5:04 p. m. Tuesday, had flown without mishap for approximately 26 hours. Then at 5 p. m. Wednesday the American Girl ran into a severe storm. Until 2 a. m. Thursday the storm buffeted their single-motored plane, blowing them far off their course.

Then the oil line broke, and for five hours the daring aviator and her navigator kept the plane aloft over the sea, knowing that at any moment the engine might fail for lack of lubrication.

But the gods of the air apparently were keeping a close watch over this most perilous of all trans-oceanic adventures. Before the motor gave up it succeeded in carrying the plane to the side of the tanker and Miss Elder and Haldeman, fatigued but uninjured, clambered aboard.

The American Girl had been in the air 41 hours and 26 minutes, almost the limit of its endurance, and had covered approximately 3,000 miles of the 3,000-mile flight which was to bring Ruth Elder the glory of being the first woman to span the Atlantic by air.

The foregoing dispatch to the United News from Captain Goos of the Dutch tanker Barendrecht, clears up the mystery of the rescue of Miss Elder and Haldeman.

In the terse language of the mariner, it reveals as nothing else can the details of the great rescue on the high seas of a great piloting feat and of supreme fortitude.

For 26 hours, from the time they left Roosevelt field at 5:04 p. m. Tuesday, the American Girl and her pilot encountered almost perfect flying weather. Apparently they had nothing to fear. The engine was working smoothly and the weather was the answer to their prayers.

"But an anxious word did not know that. All the world knew when the plane American Girl had been sighted by the steamer American Banker at 10:35 a. m. Tuesday night, some 560 miles off the Atlantic coast, after 21 hours of flight.

The breaking of the storm which Captain Goos describes they flew on and on across the ocean which many believed was unconquerable at this season.

All that was accomplished under nearly ideal conditions.

But Ruth Elder and George Haldeman two lonely souls in limitless space, went on and on for 15 and a half hours more—until at 10:30 a. m. Thursday they hit the sea alongside the amazed Dutch skipper and his craft.

Until then, not a word from them. Not a ship of 100 in the steamer lines which they had deliberately chosen, had seen them. They were due off the French coast in 36 hours. Every wireless station awaited the news which would announce their arrival. Every ship had its sailors in the crow's nest, scanning the horizon for a tiny orange speck.

not particularly severe yet aviators, braced though they are to danger and death, feared to venture forth.

A Paris-London passenger plane decided to land rather than try to cross the English channel in that storm and fog.

Had to Keep Going. But Elder and Haldeman had to keep going, going to a destination they hoped would be Paris.

After the storm, came three and a half short hours of fair flying. Captain Goos does not mention how good or bad the weather was after that storm.

When the aviators, slowed by terrific winds off their course, behind their schedule of reaching Paris within 40 hours, tried to straighten out for the final dash of perhaps 1,500 miles—something snatched.

The oil line broke. There was no oil pressure. The plane could not carry on for 1,500 miles; it would burn itself out before then if it attempted high-speed flying.

Faced Certain Death. That would mean certain death. An landing on water would be impossible; it would be one terrifying nose-dive and oblivion.

Ruth and Haldeman jockeyed for position in the air. Not a boat was in sight. They waited for that boat and safety.

They had to wait five hours. Every minute those 300 minutes which passed before the Barendrecht bore into view must have seemed eternity.

Captain Goos' story does not tell how the fliers kept their plane aloft all that time.

Captain Goos' story does tell, and in its own vivid way, that Ruth and Haldeman proved themselves pilots and navigators to the first rank. Everybody knew Haldeman was a qualified pilot; but Ruth had to pass an examination before she received her federal license to command the stick in the cockpit.

But a mere license is no pass through the portals of sheer bravery, nor is it a certificate of extraordinary skill under fire.

Under Fire 5 Hours. Miss Elder and Haldeman were under fire for five hours, as terrible a fire as any machine gun nest poured into an enemy trench—the danger of death was the same.

Again their marvelous piloting ability stood them in good stead. It was no small feat to bring a land

plane down on water. This plane had wheels, not pontoons. The ordinary landing speed of a plane whose average speed is 100 miles an hour is somewhere between 60 and 70 miles an hour. Had the plane landed at that speed, its wheels would have snapped, its fuselage might have been torn away.

Think of Plane. Once aboard the tanker the fliers' next thought was of the plane. They asked Captain Goos to allow them to take it aboard.

Then as the crew of the tanker was trying to hoist it, a gas tank exploded twice and the plane was burned. "Nothing was saved," reports the captain.

Thus, the flight of Elder and Haldeman ended in a manner similar to the first trans-Atlantic flight, that of Alcock and Brown, one English, the other American—who flew from Newfoundland to Ireland and landed in a fog.

## WAR SECRETARY BELITTLES VALUE OF ELDER FLIGHT

Columbus, Ohio, October 13.—(United News.)—Dwight F. Davis, secretary of war, today belittled the value to aviation of such transatlantic flights as that of Ruth Elder.

He pointed out that unless some scientific knowledge was to be gained, the flights were of little value to aviation.

"Of course," he continued, "they are purely private enterprises and not sponsored by the war department, yet trips which fail are a black eye to commercial aviation."

Macon, Ga., October 13.—(P)—E. W. Stetson, formerly a Macon banker and now vice president of the Guaranty Trust company of New York, was elected a director of the Bibb Manufacturing company at the annual meeting here today, succeeding F. T. Comer, of Millhaven, Ga., who died since the last annual meeting.

William D. Anderson was re-elected chairman of the board of directors and president; James H. Porter was re-elected executive vice president; A. A. Drake, Jr., secretary and treasurer, and C. C. Herwig, assistant secretary and assistant treasurer.

W. D. Anderson, of Macon; W. C. Bradley, of Columbus; Mills B. Lane, Savannah; James H. Porter, Macon; and E. W. Stetson, New York, were elected as an executive committee for the year.

In connection with the annual routine of business, service bonuses were given to employees at the various mills, this ranging from 3 to 12 per cent of the year's wages of each employee who has been with the company two years or more.

## See Ugly Hollows Fill Up With Firm Flesh

New YEAST and IRON adds many pounds of weight.  
Pleasant to take—Quick results—or pay nothing

Daily the letters pour in, telling of the amazing benefits in weight and health-building that IRONIZED YEAST gives. They say: "10 pounds gained in 3 weeks," "one full chestnut added 7 pounds," "11 pounds and new strength."

IRONIZED YEAST is built up weight and new healthy energy in the body, and it can do the same for you.

IRONIZED YEAST is two tonics in one—weight-building yeast and strengthening iron.

The yeast is the same used in making malt, and which makes malt so beneficial.

This yeast is treated with iron taken from fresh vegetables—spinach, lettuce and celery. In this form iron is easily assimilated by the body, making rich, red blood and toning up nerves and muscles.

Only when Yeast is Ironized in this way is it most effective—for iron is needed to bring out the weight-building values of Yeast. By this formula IRONIZED YEAST gives you results in half the time required by yeast and iron taken separately.

Ask your druggist for IRONIZED YEAST and start to get its amazing health benefits now. Your friends will soon start to praise your improved looks as you gain pounds of weight. Pimples and skin blemishes, rash and ugly hollows fill up. Comes only in pleasant-tasting tablets—60 to a bottle. Safe for everybody. Does not upset stomach nor cause gas or bloating.

Start today—first treatment shows results—or no money

Get IRONIZED YEAST today from your druggist. See the amazing gain in weight and strength from just a single course treatment. If you are not satisfied with quick results, money for one bottle will be promptly refunded. If inconvenient to buy from a druggist, send \$1.00 to IRONIZED YEAST CO., Atlanta, Ga., Desk 26 Y.

## For Tormenting Piles Peterson's Ointment

## Prevent Dandruff

Liquid Zemo Keeps Scalp Clean

Pleasant, healing, Liquid Zemo massaged into the scalp destroys dandruff. Irritations, soreness and itching frequently disappear overnight. Zemo penetrates, soothes and cleanses the scalp, keeps it healthy and prevents dandruff. It is a clean, safe healing liquid—convenient to use at any time. All druggists—35c, 60c and \$1.00.

## zemo FOR SKIN IRRITATIONS

## They Called Her Scrawny, But Not for Long

Is your face drawn and pinched? Your skin flabby? Are your cheeks sunken with great hollows under the eyes? Does your figure show unbecoming angles instead of the softly rounded slimmest of youth?

All these conditions rob you of attractiveness and make you look old. But worst of all, these may actually be the symptoms of simple anemia—that dread ailment so often suffered by women.

There's nothing so good as McCoy's Tablets to put on firm flesh, round out face and figure and build up rich, red blood.

So if you need a few pounds of flesh to round out the hollows, if you want to get back old-time energy and health, get a box of McCoy's Tablets today. Just a short treatment will make you look and feel like a new person.

McCoy takes all the risk—Read this ironclad guarantee: If after taking 42-cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

The name McCoy's Cod Liver Oil Tablets has been shortened—just ask for McCoy's Tablets at Jacobs Drug Store or any drug store in America. (adv.)

## MEMBERS OF CABINET BACK POWER MEETING

Chattanooga, Tenn., October 13.—(P)—The control of floods in the Mississippi valley "is the most important problem before the war department today," Secretary Davis said in a letter to Chairman Joseph Hyde Pratt of the Southern Appalachian Power conference, in session here today.

"The subject is being discussed at many meetings such as yours," the secretary declared. These interchanges would clarify the situation and are of benefit to the department, as it welcomes ideas and comments from any one who is interested in the subject. All reasonable plans are being considered and the relative merits of reservoirs, levees, spillways and diversions are being carefully analyzed. Over 150 engineers of the war department are engaged in these studies. The work is being coordinated by the chief of engineers, whose report will be submitted to congress when it convenes in December. The plan of the army engineers which will be sound, bolting to its engineering and its economic will solve this most complicated problem."

Two Send Regrets.

Two other cabinet officers sent their regrets and best wishes for the success of the conference.

"I am naturally greatly interested in the development of our power resources," Secretary Hoover wrote, "particularly in the south, where with the juxtaposition of vast raw materials and abundant labor, we may build up that diversification of occupation and economic interest which makes for steady advance in standards of living and comfort of the people and stability in industry and commerce."

"As a member of the federal power commission, I am of course interested in all public discussions of this sort, which tend to produce a better understanding of the problems of power development and encourage a greater utilization of the power resources," wrote Secretary Work.

Secretary Jardine's letter pointed out the importance of electricity in the agricultural interests and especially to the farm.

Farm Opportunities.

"The farm offers the greatest potential opportunities open to the electrical industries," he said. "Electricity, in turn, offers to agriculture vast potentialities for the development of more efficient farming and for a more permanent agricultural and rural system."

There are approximately six and one-half million farms in the United States. The total cost of the power utilized on these farms is at least \$3,000,000 a year, while the value of the human labor expended amounts to even more than this figure at prevailing farm wages. Here is one of the distinct opportunities presented by agriculture for electrical expansion."

## LOSS TO WORKERS BY FIRE STRESSED BY U. S. CHAMBER

Recently a large lumber mill in Florida was totally destroyed by fire, the loss amounting to approximately \$1,000,000. This fire threw 1,000 men out of work.

Sometimes fires which involve little property loss affect large numbers of workmen. The recent fire in the timbering of a subway under construction in New York city is said to have put 25,000 people out of work for at least two days. The Chamber of Commerce of the United States urges that these indirect losses be given just as serious consideration as the losses to property in connection with the observance of Fire Prevention week.

Business concerns can, in a large measure, control the fire losses of their establishments and thus safeguard the employment of their workmen. One of the great railroad systems of the country has paid so much attention to fire prevention and fire extinguishment that its fire losses last year were practically negligible. Its employees extinguished 235 fires with a total loss of only \$14,000 as compared with \$38,000,000 the value of the property endangered. Fire prevention work on this railroad includes thorough instruction of employees in regard to fire hazards and fire extinguishing apparatus.

Private fire brigades have proved valuable adjuncts to the public fire department for plants which have private fire protection facilities. It is important that such brigades be well trained and equipped if they are to prove of value in time of fire. Their members should be acquainted with all details of the protection system of the plant and be ready at all times to respond immediately to an alarm. A code should be carefully worked out so that either by means of bells or whistles the brigade may be summoned to any location in the plant.

## V I C E - COMMANDER OF ATLANTA POST TO BE NAMED TODAY

The regular monthly meeting of the Atlanta post of the American Legion will be held at the chamber of commerce hall No. 2 tonight, when the election of a senior vice commander and new committees for the year will take place.

Plans for the legion activities during the coming year will be outlined at the meeting, which will be called at 8 o'clock.

The weekly luncheon of the Atlanta post will be held at the Henry Grady hotel today at noon. A special program has been arranged, including Herrin's Arcadia orchestra, Miss Jeanette Kelly, dancer, and Green B. Adair, comedian.

## SOUTHEAST PROSPERS, SAY DELCO LIGHT MEN

Conditions in rural sections of the southeast are exceptionally good, according to reports made by branch managers and sales supervisors of the Delco Light company, who met in convention at the Henry Grady hotel on Wednesday.

E. H. Danforth, Atlanta branch manager, in commenting on the meeting Thursday, declared that all reports indicated a rapid growth of prosperity throughout the entire southeastern area.

H. W. Arnold, assistant to the president of the company, attended the convention, as well as W. R. Huber, sales manager, both of Dayton. Mr. Huber described the latest product of the company, a combination light and refrigeration plant for rural use.

V. W. Rives, territory sales manager, announced that business in September was the greatest in the history of the organization.

## F. J. Paxton Stresses Value Of Youth-Training Groups

Value to the community of organizations for youthful training and development like the Boy Scouts, the Girl Scouts, Camp Fire Girls, the Y. M. C. A. and the Y. W. C. A., and their essential part in the scheme of social welfare, as presented by the Community Chest, was urged Thursday afternoon by Colonel F. J. Paxton, an Atlanta leader, who has long been active in work in these fields.

"These bodies have a definite community value," said Colonel Paxton. "I am at a loss to understand the frequent skeptical expressions I hear from persons of intelligence as to this value."

"Preventive medicine has meant so much to the sum total of happiness in the world, even in the few years it has been practiced intelligently, than curative methods, that there is no comparison."

"The application is the same in the field of human welfare as in medicine. Proper development of character, of physical, mental and moral strength in youth means their service in mature years for the benefit of the community. The Community Chest's organizations for instruction and development of youth have more than

proven their effectiveness in this respect.

Curative Methods Necessary.

"Social work designed to prevent the development of social disaster is and should be a prime motive of all community-wide social endeavor. Curative methods are necessary and must be made, but it is the height of shortsightedness to strive only to cure those who are already afflicted without making concerted and definite attempt at the prevention."

"To the skeptics I would ask first of all—What has become of the bad boy gang that used to cause so much trouble in every community? Most people will reflect and realize that this problem is not nearly so acute as it used to be. And in seeking a reason for the change, they will find that the development of recreational facilities in general, which includes such organizations as those of the Boy Scouts, the Girl Scouts, and those other bodies for the intelligent and wholesome training of youth, such as the Community Chest fosters, have substituted a more wholesome and at the same time a more desirable method of spending spare time than was fostered by the old idle street corner

gang, or—in the case of girls—by undirected or misdirected play."

By-Products of Training.

"The by-products in citizenship training of organizations of this kind are of inestimable value to the community, to the parents and to the child. None who is touched by their work fails to receive a benefit. It is a short-sighted district that will consistently refuse to attempt to prevent the development of disease, but waits until the disease has developed before treatment is begun."

"Our boys and girls are our greatest asset, because it is with them that will rest the building of our future, the fulfillment of our destiny, which must surely be greater than our past and present. Support of those organizations means a contribution to a greater and better community."

The argument that these organiza-

tions are functioning for the benefit of a privileged class which is well able to pay for the benefits they receive is without foundation. The larger proportion of boys and girls who are in them are from modest homes—another circumstance that points the value of such bodies of youthful development as great influences for democracy and wholesome viewpoint."

## CHIEF CAUTIONS COPS AGAINST HARSH WORDS

At the instance of the police committee of city council, Police Chief James L. Beavers Thursday again cautioned his force with regard to courtesy in dealing with traffic offenders.

The council's message to the effect that "it is possible to arrest a man without insulting him" was relayed (to language, however well it might seem to the officers, accompanied by an in-to be justified.

## GREEN ELECTED CHIEF OF LABOR

Los Angeles, October 13.—(P)—Another year of conservative rule for the American Federation of Labor was voted by its convention here today with reelection of President William Green as the head of organized labor.

Relection of Green, who rose from a laborer in a Pennsylvania mine to succeed the late Samuel Gompers as labor's chief, was without opposition. All other officers of the federation also were unanimously reelected.

The choice of New Orleans as the site of the next convention, to be held November 21, 1928, completed the annual election. On presidential election year, the labor federation holds its convention in November instead of October.

Throughout the convention it had been a foregone conclusion that President Green, who skillfully presided at its sessions and ironed out trouble quickly and adroitly would be reelected. On every issue the delegates backed the policy laid out by his administration—opposition to communism, cooperation with the government, non-interference in international policy and the expansion of labor's activity to new industrial fields.

Green was secretary of the United Mine Workers and a vice president of the federation at the time of Gompers' death. After filling Gompers' unexpired term, Green was elected at the following convention. Today's election marks the second time he has been given the approval of the federation in convention.

## TWO GRIFFIN BANKS FORM CONSOLIDATION

Griffin, Ga., October 13.—(Special.)—The stockholders of the Merchants and Planters bank of Griffin and of the City National bank have been called to meet November 1 to ratify action of the directors of the two banks, who have voted unanimously to merge the two banks and to be called the First National bank.

Under the proposed plan of consolidation the new bank will have a capital stock of \$200,000. An agreed basis of valuation of the capital stock of the two institutions was made by the directors, the Merchants and Planters stock being valued at \$150 a share and the City National at \$135 a share.

The consolidated bank would have deposits in excess of \$1,500,000, according to statements of the two banks as of September 30.

The Merchants and Planters bank was established in 1880 with Joseph David Boyd, Sr., as the first president. Other presidents were Captain Seaton Grantland, H. H. Bass, Robert F. Strickland and J. C. Brooks. Since the death of J. C. Brooks, September 29, the bank has been in the charge of J. S. Tyrus, vice president.

The City National bank was established in 1873 with Gilmore J. Drake as first president. H. C. Burr succeeded Mr. Drake and Roswell Drake succeeded Mr. Burr. J. Woods Hammond is president of the bank at this time.

### MILLER-PICKFORD DIVORCE NEARING DECISION IN PARIS

Paris, October 13.—(P)—Marilyn Miller's long predicted divorce from Jack Pickford seemed nearer reality today, when it was reported that her suit will be decided by the Versailles tribunal near the end of this month.

Miss Miller, it was revealed, filed her suit there quietly in July. She made the customary allegations, it was said in legal circles, of illegitimacy of the child, and of incompatibility of temperament and the impossibility of their living together.

Final judgment will be made only after both have followed the usual custom of declaring reconciliation impossible.

### University Law School Attendance Breaks All Records

Athens, Ga., October 13.—(Special.)—The Lumpkin law school of the University of Georgia has the largest enrollment in its history. Up to October 1 the first 196 students enrolled in the school, which is said to be 30 per cent more than any previous year.

Additional students will register at the beginning of the spring term in January, it is stated.

The summer school session of the law school during the past summer was also the largest of any summer session, according to the authorities of the school.

Among the registrants of the school are a number of students from states other than Georgia.

The next issue of the Georgia Law Review will appear in November and will contain many interesting articles on Georgia legal questions, the editors announce.

### ARMY ORDERS

The following changes in stations and duties of personnel of the regular army and organized reserve were announced at fourth corps area headquarters Thursday:

Lieutenant Colonel Sidney S. Underwood, fourth corps area ordnance officer, has been designated as acting corps area chemical warfare officer, in addition to his other duties, effective October 15. Lieutenant Colonel Underwood takes over these duties from First Lieutenant Norman D. Gillet, who has been relieved.

Captain David C. Kelly, assistant to the corps area ordnance officer, is detailed as executive officer of the Sixth gas regiment in addition to his other duties. He replaces First Lieutenant Norman D. Gillet, chemical warfare officer, on this activity.

Technical Sergeant John O. Grady, quartermaster corps, stationed at Fort McPherson, Ga., has been placed on the retired list and ordered home.

First Lieutenant Percy E. Hunt, of the 22d infantry, at Fort Snider, has been ordered to proceed to Jefferson Barracks, Mo., at once for assignment to the sixth infantry.

## MISTRIAL IS SEEN IN LITTLE CASE

Madison, Ga., October 13.—(Special.)—A mistrial was forecast to night in the case of Lester Little, tried here this week charged with the murder of John G. Herrin in 1926, the jury having considered the evidence since 10 o'clock Wednesday night without reporting a verdict.

At 10 o'clock tonight Judge Park ordered the jury to bed and to resume consideration of the case Friday morning.

Little, a farmer, shot and killed Herrin, a county warden, following a dispute over the employment by Herrin of a negro from the Little farm. The two men met at a garage here and after an argument Little shot Herrin five times.

Witnesses said Herrin was shot as he was walking toward the rear of the garage while Little stood in the doorway. Little in a statement to the jury said he shot Herrin in self-defense.

After he thought Herrin was drawing his gun to fire upon him.

The trial opened Monday in Morgan superior court with Judge J. B. Park presiding.

At a former trial Little was convicted of slaying Herrin and was sentenced to die in the electric chair, a new trial being granted on appeal.

### VOTES PROPOSED FOR RESIDENTS OF WASHINGTON

Baltimore, Md., October 13.—(P)—A proposal to enfranchise residents of the District of Columbia as voters of Maryland during the congressional and senatorial elections was contained in a letter to Governor Albert C. Ritchie today from Eugene E. Prussing, Chicago attorney. Asserting that he had been impressed by the "injustice" by the government without representation when he was a resident of Washington, Prussing declared that an act of congress providing that residents of the district "shall be residents and voters of the state of Maryland" with an enabling act by the state legislature would solve the problem.

In his reply Governor Ritchie said the plan could not be considered until it had been given full publicity.

It was pointed out that the Washington population of approximately half a million, with its republican majority, would destroy Maryland's democratic majority if the plan is adopted.

### University Dramatic Club Selects 15 New Members From Students

Athens, Ga., October 13.—(P)—The Thalian dramatic club of the University of Georgia, one of the oldest dramatic clubs in the south, has announced the selection of 15 new members from the student body following a recent try-out for men. About 80 candidates contested for places.

The new members, announced by Miss Manita Bullock, of Athens, director, follow:

Hoke Wofford, Atlanta; William W. Sharpe, Waycross; James M. Carson, Tifton; Purse Lott, Waycross; Pryor Fife, Atlanta; Jack J. Parks, Newnan; Stephen L. Upson, Athens; F. Coleman Strother, Perry; Rutherford Polhill, Hawkinsville; Charles L. Hardy, Gainesville; C. Howard Montgomery, Commerce; Rufus B. Jennings, Dawson; Lamartine Hardman, Commerce; Clarence H. Willis, Barnesville; Penn Winston, Jr., Athens; D. G. Harris, Valdosta.

The try-out for women of the university student body will be held soon.

## LEVEE-RESERVOIR ARGUMENT BEFORE ENGINEERING BODY

Columbus, Ohio, October 13.—(P)—A 50-year controversy over the relative merits of levee and reservoir systems for flood protection was renewed here today in discussions of Mississippi flood control before the American Society of Civil Engineers.

The levee system found advocates in C. W. Kutz, Cincinnati, a member of the Mississippi River commission, and John F. Coleman, New Orleans, consulting engineer. The outstanding advocate of the reservoir system was Arthur E. Morgan, Dayton, president of Antioch college, Yellow Springs, Ohio, and chief engineer of the Miami conservancy district, the reservoir system of flood protection for Dayton, Ohio, and other Miami valley cities.

Colonel Kutz, giving estimates around half a billion dollars for levee protection for the Mississippi valley, said he deemed the best protection would be afforded by a system of levees and channel diversion.

Professor Morgan criticized the Mississippi River commission for adhering to the levee system year after year without giving "any study to the reservoir plan."

## FURNITURE FACTORY PLANNED AT ATHENS

Athens, Ga., October 13.—(Special.)—A wholesale furniture factory is Athens' newest industry. V. J. Moss, of the Athens Saw and Planing mill, is organizer of the new concern, which will be capitalized at between \$30,000 and \$50,000. The new industry will operate under the name of Ideal Furniture company.

Permit for the construction of the first unit of the new concern was issued to Moss Wednesday by Captain J. W. Barnett, city engineer. Work on the building, in which the furniture will be made will begin immediately. Workers were laying off the grounds Wednesday preparing for the commencement of actual construction.

The company will manufacture kitchen cabinets and school furniture in wholesale quantities to begin with, but will be equipped to make any kind of furniture, it is said.

It is planned to turn out 40 cabinets per day at the factory. A large number of the new furniture will be employed by the company, it is stated. The new plant will be located on Barber street near the Southern railroad tracks.

### Beauty Contest Left Undecided By Court Ruling

Los Angeles, October 13.—(P)—The legal phase of a battle between rival beauty contests was settled here today. Each of the rival beauty contests winners claimed victory.

Miss Myrtle Manon, legally speaking, won the battle. For her attorney asked dismissal of a suit against Miss Ada Williams, in which an injunction was asked to prevent the publication of a written disclaimer of the title which Miss Manon said she signed under duress. She said Miss Williams had agreed to tear up the disputed document.

Last week Superior Judge W. S. Gates agreed to give a decision on the legal point involved but refused to rule on the question of title, which each of the contestants claimed as a result of different national beauty contests, one held at Atlantic City and the other at Galveston.

## Bets on Fights Given Gotham Court Sanction

New York, October 13.—(P)—Acceptance of wagers on prize fights legalized by the Walker boxing law does not constitute a misdemeanor, it was decided today by Supreme Court Justice Valente, who granted a writ of habeas corpus freeing Irving P. Weiner from trial in connection with taking a \$500 bet on the Delaney-Malone fight last February.

"When the cloak of illegality is stripped from the fight," Justice Valente ruled, "then the taint of criminality disappears from a wager laid upon the result of the contest."

He pointed out that those sections of the law governing prize fights before enactment of the Walker law were stripped of their power by the latter bill, and that restrictions against betting were cleared away with the ban against fighting.

The ruling was interpreted as still another step in the campaign against anti-betting legislation by varied sporting interests. Justice Valente declared in his opinion that to "be guided by any other interpretation of the law than that which holds betting to be legal would be to permit one's own notions of morality to supersede the standards erected by the legislature."

## NEGRO GIVEN ONE YEAR FOR CAPITOL ROBBERY

A consent verdict of guilty of simple larceny in connection with the theft of \$500 from the automobile department of the secretary of state's office was taken Thursday by Judge Wilkes, former negro porter in the office. Judge John D. Humphries sentenced him to serve 12 months on the chain gang.

Wilkes was indicted on charges of larceny from the house and embezzlement in connection with the theft of the state's funds, but because of technical circumstances surrounding the case, the charge was changed to simple larceny by an agreement between the solicitor general and Ed C. Hill, who represented Wilkes. The embezzlement indictment was not pressed Thursday upon recommendation of the solicitor, after Wilkes had taken the consent verdict.

Charles A. Cook, former cashier in the automobile license department, made a statement to Judge Humphries concerning the case and told of the apprehension of Wilkes. The negro porter had access to the cashier's cage and to the safe where the money was kept, he explained.

The former cashier told the court that he had been suspicious of Wilkes for some time and had previously missed various sums from the safe. On the morning of March 22, while Wilkes was dusting off the safe, two other employees of the office besides Cook saw him slip a package of currency from the opp safe and into his clothing, Cook said.

Wilkes was immediately searched, the package containing \$500 was found on him and he was taken in custody.

Attorney Hill objected to Cook's statement, claiming that it was "unfair" to his client but the former cashier insisted that his account was correct and offered to "open up the whole affair and provide a sensation," Judge Humphries interrupted, however, and no further statement was made regarding the case.

Judge Humphries declined to allow the negro to pay a fine as requested by Attorney Hill and sentenced the negro to 12 months on the chain gang.

## VISITOR, FINED \$51, PROMISES TO QUIT DRIVING FOR YEAR

J. C. Redd, arrested Saturday by a policeman who stated that he had hit two automobiles in quick succession, paid his fine and promised Recorder Murphy M. Holloway he would keep his automobile off local streets.

bury church, of El Paso, Texas, and will leave the city within a few days to take up his new charge.

Rev. Wasson came to Atlanta in 1911 and served the Druid Hills church for a number of years, during which period a new church building was erected. He later served the pastorate of the First church, of Rome, Ga.; the First church, of Athens, Ga.; the St. Mark's church and the Kirkwood church of this city, and was for two years missionary secretary of the North Georgia Methodist conference.

## \$230, WATCHES, GEMS LOOTED FROM HOMES

When members of John M. Maulding's family, at 532 Clifton road, hid the front door key in its usual place Wednesday night, beneath a flower pot, police believe that a nearby watchman marked the spot. Burglars early Thursday entered the residence, presumably aided by the key, and made off with \$230 in cash, a wrist watch and a string of pearls, police records show.

The currency belonged to Miss Ruby McNeely, while the jewelry was Mrs. Maulding's.

The home of H. G. Lowry, at 2915 Peachtree road, was looted of a fine watch while the M. H. Meacham residence, at 7 Lakeview avenue, Peachtree Hills, was robbed of two additional watches.

G. W. Hughes, of 226 Sixth street, told police that burglars had stolen a quantity of clothing from his residence early Thursday. Additional burglaries were reported at 972 Forrest avenue and 688 Washington street, where burglars cleaned small amounts of currency.

Persistent burglars made a second and successful attempt early Thursday to loot the Atlantic and Pacific store at 606 Highland avenue, according to police.

Frightened away as they sought to "jimmy" a window early Monday morning, the same robbers, police believe, returned Thursday and made off with considerable merchandise.

## SHIELDS TO SELL GARDNER MOTORS IN FOUR STATES

S. E. Shields, well known automobile man, on Thursday announced that he had taken the agency for four southeastern states for the Gardner automobile, manufactured by the Gardner Motor company, of St. Louis, Missouri.

The states which Mr. Shields will cover are Georgia, Alabama, South Carolina and Tennessee. Headquarters for the territory will be in Atlanta and a distributors' showroom will be established here on January 1 next, Mr. Shields stated.

Formerly representative for Alabama and Georgia, with headquarters here, for the Rickenbacker Motor company, Mr. Shields is well known among automobile men in this territory and is famous for his advocacy of the "straight right" principle of motor construction.

## GEORGIAN'S DROWNING IN FLA. ACCIDENTAL

Tallahassee, Fla., October 13.—(AP) O. H. Barlow, 36, Lumber City, Ga., came to his death as the result of accidental drowning, authorities of Leon and Gadsden counties, declare today after an investigation.

Barlow was drowned in the Ocklocknee river near here several days ago when a motorboat sank. Four fellow employees of a construction company, building a dam for a power concern, escaped.

The investigation was requested by S. W. Barlow, father of the man, who told the officers that a number of bruises had been found on his son's body, and that foul play was feared.

The bruises, Sheriff Frank Stout, said, were apparently caused when efforts were made to resuscitate Barlow.

## DENTIST BRUISED WHEN HIT BY AUTO

Dr. L. P. Langston, dentist, Thursday was recovering from bruises and cuts suffered Wednesday night when he was knocked down by an automobile on Forsyth street.

The machine was operated by Dr. H. E. Johnson, of 13 Peachtree place, and was moving north on Forsyth when Dr. Langston stepped into its path, according to report of Police Officer Baldwin.

Dr. Johnson rushed the injured pedestrian to Davis-Fischer hospital, where his hurts were said to be slight. A charge of reckless driving was made against Dr. Johnson by the officer.

As the result of injuries sustained by two women motorists Wednesday afternoon in a collision between a taxi and an automobile at the Pryor and Wall street intersection, both drivers will face Recorder Murphy M. Holloway this afternoon at 4:30 o'clock.

Mrs. O. M. Miller, of 456 Forrest avenue, driver of one machine, and Mrs. A. D. Stokes, of the same address, who rode with her, were cut and bruised from the impact.

According to report of Patrolman Jackson, Mrs. Miller was driving south on Pryor street, while the taxi, operated by A. L. Johns, was moving west on Wall street and turned south into Pryor street. Officer Jackson preferred charges against both Mrs. Miller and the taxi driver.

Joe Chambers of 719 Cooper street, was slightly bruised Thursday when the coupe he was driving overturned in a collision with a sedan at Decatur and Grant streets. The sedan was driven by R. C. Bueck, 222 Peters street, according to Officers Peters and Hughes, who made no charges at the request of both drivers.

## FALL AND SINCLAIR FACE TRIAL MONDAY

Washington, October 13.—(AP)—Albert B. Fall returned today to the scene of his labors as a public official to stand trial for a second time on a charge of criminal conspiracy in connection with the leasing of the naval oil reserves while he was interior secretary.

This time his co-defendant will be Harry F. Sinclair, who last Monday was brought to the United States supreme court to retain possession of Teapot Dome, and who already is under arrest since four months of his term of confinement in the District of Columbia jail for contempt of the senate by reason of his refusal to answer certain questions in the senate oil inquiry.

When the case is called for trial Monday in the District of Columbia supreme court, the government probably still will be without two of its "key" witnesses, Harry F. Blackmer and James E. O'Neill, former American oil operators, who have been residing in Europe since the early days of the oil investigation.

Blackmer had been served with a subpoena, but American consuls abroad have not yet located O'Neill. The two are sought for questioning as to the operations of the Continental Trading Company, Ltd., of Canada, which bought Liberty bonds with part of its profits which subsequently came into the possession of Fall through his son-in-law, M. T. Everhart, a Pueblo, Colo., banker.

A. M. E. CONFERENCE RUSHED AT CUTHBERT

Cuthbert, Ga., October 13.—(Special.)—Bishop J. S. Flipper, who is presiding, is rushing the work of the South Georgia annual conference of the A. M. E. church to a close. Meetings were being held in Payne Chapel church here, of which Rev. Calvin Johnson is pastor.

A telegram of good will was received today from Bishop W. D. Johnson, presiding over the Texas diocese conference. The committee on finances reported an increase over that of last year.

The missionary anniversary was held tonight, the speakers being Drs. L. A. Townsend, F. R. Sims, J. A. Lindsey and J. A. Hadley. Dr. L. H. Smith presided over the meeting.

The afternoon session was devoted to hearing reports of the pastors on the condition of churches which showed that many churches had increased in membership and that migration and restlessness of the colored people in the rural sections had passed. Much attention is being given to raising cotton, corn and to the growing of food stuffs, the report showed.

The educational anniversary will be held on Friday night and the speakers will be Dr. J. S. Downs, Dr. H. E. Davis, president of Payne college; Dr. John H. Lewis, president of Morris Brown university; Bishop J. S. Flipper, chancellor of the university system, will preside.

The election of delegates to the general conference which will meet in Chicago in May, 1928, resulted in the following ministers being named: Revs. J. T. Stringer, S. H. Charleston, J. W. Dennis, John Cooper, M. A. Fountain, J. T. Barr, F. M. Johnson, Frank Moore, C. C. Couch, C. Johnson, C. P. Hobbs, Alternates, Rev. M. C. Davis, J. H. Bryant, E. D. Mitchell, G. C. Thomas, T. W. Evans, E. D. Baldwin, C. H. Moses, John Jewell, J. B. Lofton, A. M. Roberts, H. J. Hunter. Lay delegates, A. C. Couch, A. E. Williams and A. T. Lowry.

The conference is largely attended by people from all over the state.

## Public Opinion To Outlaw War, Says Dr. King

Savannah, Ga., October 13.—(Special.)—Intelligent public opinion of the world is turning against war as a means of settling international disputes, Dr. W. P. King, pastor of the First Methodist church of Athens, declared tonight in an address before the Georgia W. C. T. U. in convention here.

"The intelligent conscience of today," declared Dr. King, speaking on "The Crusade for Peace," "feels as never before the absolute stupidity and hideous crimes of war. The conscientious objectors to war have largely increased and their refusal to be coerced into a cruel conformity which means wholesale murder, whatever may be the dictates of blundering governmental leaders."

Dr. King, in referring to the attitude of the United States toward South American powers under the Monroe doctrine, said:

"By a strange sophistry we have come to construe the original intention against European powers as meddling with the free states of South America into the right of our country to meddle with the internal affairs of these nations."

Dr. King declared that "there is the imperative urgency of international agreement for the preservation of peace in the two constructions of the new world consciousness and the new individual conscience." He pointed out that the "new world consciousness" and the "new individual conscience" are arraying themselves against the perpetuation of the war system.

The speaker asserted that one thing which is contributing to the development of a conscience which forbids war is the weakening of the "superstition" that "my country can do no wrong."

The first business session of the convention of the W. C. T. U. opened this morning at Wesley Memorial church. Mrs. W. F. Mott, of Dublin, led the conference service, following the salute of the flag and other opening exercises.

The morning was largely given over to roll call and reports of committees.

Mrs. Williams speaks.

Mrs. Marvin Williams, state president, declared that education should precede and accompany all prohibitory laws. "An informed electorate," she declared, "and a young citizenry thoroughly trained to know the effects on prohibition of these nations and the inevitable result in cleaner, higher standards of life, increased prosperity and a greatly enlarged sum total of happiness."

Mrs. Williams said that the number of children who have pledged themselves this year to be total abstainers shows a gain of more than 500 per cent over last year.

Mrs. Williams stated that the "W. C. T. U. does not choose to enter partisan politics except where there is a clean-cut wet and dry issue." She declared that the "wets who now seem to be so assiduously trying to take prohibition out of politics and at the same time working harder still to put wet candidates into the presidential race, are directly responsible for the question being construed as a political issue at the present time."

The president predicted that the "party which champions the liquor cause is going to find itself defeated in 1928." She said that W. C. T. U. members will vote for the dry candidate irrespective of party.

## THREE NEGROES MEET DEATH TODAY IN ELECTRIC CHAIR

Preparations have been completed at Milledgeville Friday between the hours of 11 o'clock a. m. and 1 o'clock p. m., according to information obtained Thursday at the state prison commission. The negroes to be executed Friday are Wilbur Galloway, Moses Parker and Lee Chamblee.

Galloway was convicted in Dodge county, Parker in Pipe county and Chamblee in Bartow county, all on murder charges.

First applications for commutation of the death sentences were denied by Governor L. G. Hardman.

Two other negroes will be executed this month, Rev. Pryor, sentenced in Monroe county, who will be executed October 26, and Melton Jackson, convicted in Berrien county, who will be executed October 27.

CONFERENCE OPENED ON 'GENERAL' TIRES

More than 120 distributors of General tires in the southern states gathered here Thursday in the opening session of a two-day sales and demonstration conference at the Atlanta Biltmore hotel.

The conference will be brought to a close this afternoon following a number of talks by representatives of the General Tire company of Akron, Ohio.

Discussions yesterday were led by W. O'Neill, president of the company and director of the Rubber Association of America; H. D. Taylor, of Atlanta, district manager; J. E. James, manager of cushion tire sales, of Akron, Ohio; F. D. Gable, tire engineer, of Akron, Ohio; F. P. Harrington, manager of the accessories of the General Tire company, and Ben Heer, assistant sales manager of the company.

The conference here is one of a series of regional gatherings being held throughout the country by officials and factory representatives of the General Tire company. The purpose is to bring the manufacturers and distributors into closer touch.

Mr. O'Neill announced yesterday that the General Tire company, during the past year, registered the largest gain in the entire industry, both in number of units sold and cash receipts. Sales in the south have had the greatest increase in industries, indicating the prosperity of the south and the growing popularity of General tires.

The company has a large number of distributors in the southern district and each of these handles only one product, the General tire. "This method is met with much approval by the manufacturers and distributors," Mr. O'Neill stated yesterday. "It centralizes sales methods and at the same time offers the purchaser expert service, especially in selecting the proper sizes."

## WATKINS COMPANY TO OPEN ATLANTA BRANCH FACTORY

A branch factory of the Watkins Manufacturing company, to furnish rehabilitating service to customers in Georgia, Alabama, South Carolina and Florida, will be established in Atlanta in the near future, it is announced by the customer relations divisions of the national concern at Wichita, Kansas.

Harry Gee, Jr., will be in charge of the Atlanta branch and will move his family here within 30 days. Mrs. Gee is the daughter of Chester I. Long, former senator from Kansas and former president of the National Bar association.

Birmingham and Atlanta were considered as sites for the branch factory, which is the 17th established by the company, and Atlanta was chosen after correspondence with the industrial bureau of the chamber of commerce, as a result of the Forward Atlanta campaign.

Both Buick and the White company use the Watkins rods, it is stated. It is not known how many men will be employed here, but it is known that the average Watkins company branch employs about 50 mechanics.

## SEABOARD IMPROVES TRAIN PERFORMANCE

Fred Geissler, assistant passenger traffic manager of the Seaboard Air Line railway, announced that for the month of September 98.2 per cent of all passenger trains operated made schedule; an increase of 1 per cent over August, 1927, which was the road's best month since May, 1926.

The north Florida division led with 99.9 per cent, followed closely by east Carolina and south Florida divisions with 99.8 per cent. The central district led with 99.7 per cent, the southern district running second with 99.5 per cent.

## School Financing Decision Rendered By Supreme Court

Money for school purposes cannot be borrowed by trustees of district schools with liability being incurred by the state for repayment, according to a decision handed down Friday by the supreme court.

In a case appealed from Deatur county it was ruled that the trustees are not empowered to borrow money. The school trustees in this case incurred a debt of more than \$4,000 and when payment became due it was sought to levy a special tax to raise the money to pay the debt.

The Atlantic Coast Line railroad resisted paying the tax and the state comptroller levied on the line to collect its share of the tax.

In the decision rendered Friday the supreme court held that the trustees were without authority to borrow money and that they also had no authority to levy a tax for school purposes in addition to the five mills state tax.

Close your eyes to how uninteresting and troublesome most floors are. Prepare your mind to an entirely new idea of floor beauty and comfort.

Embossed Handcraft Tile Inlaid has the beauty of a cut-stone floor. It has the character of a hand-set floor—even to the embossed mortar lines pressed into the design.

The picture gives a hint of the "handcraft" air that gives distinction to these patterns. But it cannot show the aged-toned colors; colors not regularly repeated, but freely and delightfully blended.

## PUBLIC SERVICE BODY GRANTS 6 PETITIONS

The state public service commission Friday granted six applications filed by railroads and express companies involving schedule changes of a minor nature on trains and discontinuance of small express offices as agency stations.

Decisions of the commission were announced as follows:

Southern railway to change schedule of Georgia, Southern, & Florida train No. 16, between Valdosta and Macon.

Southeastern Express company, to close agencies at Vienna and at Tugalo, Ga.

Central of Georgia Railway company, to close agency at Harris, Ga., and establish a caretaker.

Southern railway, to change schedule of train No. 28, between Birmingham and Atlanta.

Number 26 leaves Tallapoosa, Ga., at 5:57 and arrives in Atlanta at 8:15 p. m. Under the change authorized by the commission, it will depart from Tallapoosa at 8 p. m. and reach Atlanta at 10:15 p. m.

Number 16 leaves Valdosta at 4:55 a. m. and arrives in Macon at 9:50 a. m. The new schedule will permit the train to leave Valdosta at 7:55 a. m. and arrive in Macon at 12:55 p. m.

The changes authorized by the commission will become effective as soon as regulations for notifying the public have been complied with.

## Gun Club Holds Medal Shoot Today

Many Shots From This Section Expected To Compete in Trap Contest.

The prospect of seeing Tech and Alabama in their annual football encounter plus having the chance to break targets all day Friday at the Peachtree Gun club in the gold medal shoot that is to be held by that organization provides so much excitement to the powder burners of this section that it promises to bring many of the best shots in this section to Atlanta the coming week-end.

Shooting begins at 9:30 o'clock in the morning. The program calls for 100 singles at the 16-yard line and the Martin-Nash Motor company championship cup race in which 150 targets will be shot from 16 to 25 yards.

This cup race is open to all amateurs in Alabama, Georgia, Florida, South Carolina and Tennessee.

Shooters will be divided into five classes: A, B, C, D and E, and a Peacock gold medal awarded the winner in each class on the day's program. A Peacock bronze medal awarded the runner-up in each class.

Winner of Martin-Nash cup race will not be eligible to win class medals.

All amateurs shooting for targets only shall be eligible to win any class medal. By having the \$1 challenge fee you are eligible to win challenge cup and medal regardless of whether you shoot for money or not.

Practically all members of both the Peachtree Gun club and the Atlanta Gun club will take part and in addition there will be crack shots from other sections to battle for the many honors. Prize money to the extent of \$200 has been added.

Lunch will be served at the club grounds.

The Piedmont hotel will be headquarters for the shoot. Members will call by the hotel for visiting shooters at 8:45 a. m. If you have your own car, the clerk on duty will give you a map showing how to reach the club.

## Auburn Tickets

Auburn alumni wishing to get tickets to the Tech-Auburn game which will be played on Grant field on Thanksgiving day may get them by applying at the office of F. R. Varkough, president of the Atlanta Auburn Alumni association, at his office, No. 4 Hunter street, S. E.

These tickets are furnished the Atlanta chapter each season.

## Yale Works Hard For Brown Game

New Haven, Conn., October 13.—(United News.)—An intensive signal drill occupied most of the practice session for the Yale eleven this afternoon.

Green, who has been out of the lineup for two days with a Charley horse, was back in his position at guard. Hoben, who received a crushed hip in last Saturday's Georgia game, ran the team through the plays. Charles Worth replaced Ryan at center and is expected to play in that position against Brown Saturday.

A short dummy scrimmage was held with the second varsity, in which special attention was devoted to eliminating fumbling.

Yale Gun club will take part and in addition there will be crack shots from other sections to battle for the many honors. Prize money to the extent of \$200 has been added.

Lunch will be served at the club grounds.

The Piedmont hotel will be headquarters for the shoot. Members will call by the hotel for visiting shooters at 8:45 a. m. If you have your own car, the clerk on duty will give you a map showing how to reach the club.

## AUBURN PLANS SURPRISE IN L. S. U. GAME

Auburn, Ala., October 13.—(AP)—Alabama Polytechnic institute, off to what is probably the worst start made by an Auburn team in football in a score of years if not in its history, believes that Saturday's game with Louisiana State will mark a reversal in playing form.

Coach Booz Pitts, taking over the reins this week, is changing the entire playing system and followers of the Plainsmen expect to see his method in operation at Montgomery this week-end.

Pitts, one of the greatest centers ever turned out on the Auburn campus, obtained his gridiron education under Mike Donohue, now coach at Louisiana State. Schooled in the Donohue system of fundamentals, which comprises hard tackling, a driving line and mostly straight football, Auburn is expected by followers to display effectiveness before many Saturdays have passed.

Coach Pitts this week has been working the Plainsmen overtime drills, sending them through lengthy scrimmages against L. S. U. plays, and polishing his offense rapidly. It was noticeable that the Orange and Blue varsity was using many plays of the old days, when Auburn was master of the southern football field. For instance, the old line divide play received a major share of attention.

## Former Pupil Of Knute Is Middy Coach

Notre Dame Mentor's Ability To Keep One Jump Ahead Brings His Team Victories.

BY FRANK GETTY.

(United News Sports Editor.)

New York, October 13.—The year's first test of Knute Rockne's genius as a creator of winning football teams will be made in Baltimore stadium Saturday, when "Navy Bill" Ingram's great but green eleven attempts to stop the flaming Irish of Notre Dame.

It will be a test of Rockne's ability to meet the changed conditions of football under the new rules, but more than that, it will be a test of the Notre Dame coach's ability to keep always a thought ahead of men whom he tried to teach everything he knows about the game.

The Navy defense is being drilled by Rip Miller, a great line coach, who was an equally great linesman under Rockne at South Bend in 1924 when the "Four Horsemen" were galloping to victory.

Navy subs, with the names of Notre Dame's present backfield stars pinned to the breasts of their blue jerseys, have been running through every known basic play of the Rockne system, and Navy regulars have been smashing up those plays.

**Navy Ready.**  
Unless Rockne has developed something new in the way of an attack, Notre Dame will find the Navy ready for every play. Miller has taught the Middles the secret of those swinging Irish end runs, the deceptive cross-bucks and quick passes, the lightning shifts which have made South Bend teams great in the past.

That is the sort of thing which Knute Rockne comes up against each season now. Twenty-six of his former star players are head coaches at other colleges, while many men who learned their football under "Rock" are assisting in the drilling of many teams.

Of the teams on Notre Dame's 1927 schedule, Navy, Georgia Tech, Minnesota and Detroit are drilled by former pupils of Rockne's.

It has been part of Knute's genius that he hitherto has been able to "spoil" a rival coach all the information available concerning his football.

Notre Dame's style of play, and then go him one better by springing something new. Like a chess master, Rockne has to plan a number of moves in advance.

**Rockne's School.**  
Rockne conducts a coaching school, gives unsparingly of his football knowledge and continues confident of his ability to outguess his pupils when they meet again.

Rip Miller did a great job at Annapolis last season in helping "Navy Bill" Ingram, head coach, to develop an unbeaten team; this year, and particularly this week, he has been demonstrating with the use of the scrub team just how Notre Dame plays are run off, which players in the interference will try to take out the secondary defense, what men are likely to receive the passes, etc.

Deception, of which Rockne is a past master, must play a most important part in the Irish attack. Moreover, Knute has had to teach his men a new shift, to meet the new rule which requires a complete stop for a period of approximately one second.

The Notre Dame coach opposed that rule, for a time. Now he is engaged in putting it to advantage.

Many football critics, sizing up the first big intersectional game of the season, have pointed out that the Navy team is green, that only two regulars remain from the powerful 1926 eleven, and that Notre Dame, with its fleet, deceptive attack, may romp to an easy victory at Baltimore. But one thing is certain; Rip Miller, line coach, has seen to it that the Middles are not green when it comes to knowing what there is to be known about Notre Dame plays to date.

## VANDY LEAVES FORTUOUSLY WITH TEXAS

Nashville, Tenn., October 13.—(AP)—Twenty-eight Vanderbilt Commodores laid aside dropping cutlasses today for subtler weapons as they led a Black and Gold pilgrimage to Dallas, Texas, site of the annual intersectional conflict with Texas university.

Coaches were noncommittal as to whether the Vandy passing and running attack would be allowed to flash from the beginning against the sturdy long-horns, or whether a more conservative style would cloak the early offense.

Two hundred alumni, students and friends, cheered by a student band, boarded special coaches for Dallas late this afternoon.

The players making the trip are Owen, Spears, Van Norred, Herbert, Sims, Armistead, McIlwaine, Rosenblatt, Shupe, backs; Blake, Holdridge, Lipscomb, Gibson, James, Kelly and Creson, ends; Captain Sharp and Warner, centers; Hawkins, Lusk and Abernathy, tackles; Bransford, West, Oliver, Wilson, Daniels, Cecil and Franklin, guards.

## Notre Dame Squad Leaves for Battle

South Bend, Ind., October 13.—(United News.)—With almost the entire personnel of the university at the station, wishing them luck, 35 Notre Dame football players, with the school's coaching and training staff, left today for Baltimore and the game with Navy.

Every member of the squad Coach Knute Rockne had planned to take east was available; there were no injuries.

Rockne was expected to show a new team and new strategy Saturday. He knows Navy has been coached in all of his old plays and methods and that he will have to open up with new football if he expects to fool the midshipmen.

The Notre Dame coach had arranged a schedule which spared his team and concealed his plays. The Irish had an easy time with Coe College and Detroit and Navy will be the first difficult opposition.

## STATERS BEAT WAKE FOREST DEACONS, 30-7

Raleigh, N. C., October 13.—(AP)—Held scoreless in the first by a smaller but more scrappy forward wall, the North Carolina State college Wolf pack unleashed its trio of dashing backs, who, led by the dazzling Jack McDowell, passed and twisted its way to a 30-7 victory, the third in as many seasons, over Wake Forest Deacons here today.

State battered the Deacons' first line of defense without much gain, resorting to the air and to McDowell's uncanny ability to go around end and to pass successfully for yardage that led to scores.

Wake Forest scored in the latter part of the final period when Johnny Cox hit the line from within the two-yard mark on fourth down. The Deacons gained scoring distance when they reached State's 20-yard line from midfield on passes, Kuykendall to Hackney and Cox. State suffered a 15-yard penalty.

Gibson gained four yards in three plays and Cox went over on the fourth.

**Warren Scores.**  
Childress leaped high to take a 28-yard pass on the Deacon half yard line as the first period ended. Warren scored off tackle on the first play of the second period.

From Wake Forest's 43-yard line, State underwent a 15-yard penalty, but the next play, a pass, McDowell to Jordan, netted 31 yards. Crum leaped and snagged two passes for 12 and 9 yards, respectively. Warren, in four tries, scored.

After another attack through the air with Warren and Crum gaining consistently, Childress took a 14-yard pass for a touchdown.

McDowell capped his brilliant work of the day with a 65-yard return of a punt from Kuykendall in the third quarter for a touchdown. He had good interference as he wove through the secondary defense. In the fourth, McDowell took a pass from Warren on State's 40-yard line for 10 yards and outran the defense, but stepped outside on the Deacons' 10-yard point. Crum later went around end for the final score.

**The Lineup.**  
STATE: Linebackers: Clayton, Vanhook, Vanhook, Vanhook, Vanhook, Vanhook. Ends: H. Wolf, Nicholson. Tackles: Denton, Evans. Centers: Sinnerman, Goodwin. Guards: Buratt, Adams. Quarterback: James. Fullback: Cox. Running back: Stallings. Punter: Warren. Score by periods: State 18 6 6 30. Wake Forest 0 0 0 7. Summary: Scoring: State, touchdowns: Warren (2), Childress, McDowell, Crum; Wake Forest, scoring: touchdowns: Cox, after touchdown, Cox (drop-kick), officials, Mingo (Michigan), referee: Coach (Virginia), umpire: Major (Auburn), linesman.

## Darlington Beats Central Hi, 13-7

Rome, Ga., October 13.—(Special.)—Darlington's grid team defeated the strong Central High school eleven, of Chattanooga, here this afternoon by the score of 13 to 7, a long run by Tom Fleming and a run of 65 yards by Bachman, returning a punt, accounting for the two Darlington scores. It was the first time that any team had beaten the Chattanooga team in two years. It was the third straight win of the season for Darlington.

## Brown Squad Sent Thru Hard Drill

Providence, R. I., October 13.—(United News.)—Coach McLaughry sent the Brown team through an extended kicking and passing drill today, and topped off the workout with a dummy scrimmage. He is well satisfied with the condition of the team, which has shown considerable improvement this week.

The same team which opposed Pennsylvania last week will face Yale in the game at New Haven Saturday, Coach McLaughry announced today. Eight of the men on this year's team were members of the undefeated "Iron Eleven" of 1926, and saw action against Yale last year.

There will be a final light drill in the Brown stadium tomorrow. The team will entrain for New Haven early Saturday.

## FURMAN TEAM SCRIMMAGES ON WET FIELD

Greenville, S. C., October 13.—A play-by-play report of the last scrimmage between the "A" and "B" varieties of the Purple Hurricane on Manly field would describe Rawl as swimming five yards with five to go on the second down; Capps skidding right end for two yards; Blount leading two yards through center and Crawford with a beautiful side stroke passing off tackle for one yard and the first down.

It was a novel experience for the Hurricane as this was the first rain experienced since the training season began the first of September. The players were like children, getting much delight over splashing around in the downpour of rain. It was something of a change from the daily routine of dust mixed with lime from the markers on the field.

Even on the heavy field the varsity looked good during the afternoon's workout. Pipkins was still unable to wear his uniform and it now seems almost certain he will not be able to be in the game against Georgia. Unless some accident occurs the last of this week, which is hardly probable as today is the last day of scrimmages for the week, all of the other players will be in readiness for the referee's whistle.

## Joesting To Start Against Indiana

LaFayette, Ind., October 13.—(United News.)—Herb Joesting, all-American Minnesota fullback, will start in Saturday's game with Indiana, Coach Clarence W. Spears announced. The Minnesota squad stopped off at Purdue university stadium for a workout en route to Bloomington. Spears said injuries to Joesting's leg had improved sufficiently to permit him to play.

Even on the heavy field the varsity looked good during the afternoon's workout. Pipkins was still unable to wear his uniform and it now seems almost certain he will not be able to be in the game against Georgia. # Petrels Leave For Opening Game With Citadel Saturday

## 20 Players Will Invade Charleston

Vaughn and Clements Out of Lineup With Injuries.

BY FRED McEACHIN.

With twenty grid warriors primed for the starting whistle and confident of bringing back a victory, Coach Harry Robertson and his Oglethorpe Petrels left Atlanta late Thursday night for Charleston and the opening game of the season with the Citadel Cadets Saturday afternoon.

Having gone through a long, hard training season, the birds from the Peachtree-road institute boarded the train for the initial battle of the season confident of bringing back the scalp of the Cadets. Included in the 20 men making the trip are eight backfield men and 12 linemen, on which the Petrel coach is pinning his hopes.

### Players Making Trip.

Those making the trip are: Captain Guthrie, Garlington, Wall, White, Shepherd, Burford, Hancock, Sims, Perkins, Goldsmith, Hutson, Coffey, Martin, Fox, Taliferro, Ross, Adridge, Gordy, Malsby and Bell.

Linsey Vaughn, stellar halfback, and Clement, varsity end, were unable to accompany the team for the opening game on account of injuries.

Others included in the party are Head Coach Harry Robertson and Mrs. Robertson, Jim O'Kelley, manager; Whitesell, trainer. The Petrels will arrive in Charleston this morning at 10 o'clock and return home late Sunday afternoon.

The Petrels will be put through their final workouts before the game Friday afternoon in Charleston. The practice will be devoted to the perfecting of passes, running of signals and a general workout of the finer details.

**Men Are Confident.**  
The Oglethorpe boys are not boasting any overwhelming victory at the hands of their Citadel rivals, but they all have the spirit of confidence and fight which is requisite to a gridiron victory.

**Citadel's Star Tackle Returns**  
Charleston, S. C., October 13.—Coach Carl Frause hopes to have "Bull" King, one of his star tackles, back in the game against Oglethorpe here Saturday afternoon. King injured a leg in the Mercer game and did not accompany the squad to Chattanooga last week.

He is a big fellow from Spartanburg and with Fizz forms the nucleus of the Citadel line. He was missed in the Chattanooga game and being experienced as well as a really good tackle, he is wanted to oppose the tricky Petrels from Atlanta.

Captain Blandin gained a large amount of ground against the Moccasins as he did against Mercer and seems to have returned to his former form. Last year he was recognized as one of the best plunging backs in South Carolina football.

Playing before a home crowd for the first time this year and with the memory of that stinging 31-to-6 defeat in their minds, the Cadets should be more dangerous against the Petrels than at any other time this season.

**He Would Be.**  
The howling monkey is found in South America say scientists—and on the wrong end of prize fight bets.

**True at That.**  
Hollywood has just felt an earthquake shock. Which is the only kind it could.

## 'Shoeless Wonders' Begin Season With A 19-to-0 Victory

Lynchburg, Va., October 13.—(United News.)—The "Shoeless Wonders" football team of the Presbyterian orphanage here, defeated the strong Virginia Episcopal school eleven, 19 to 0 in the opening game of the season.

With the one shoe owned by the team, that used to be Blair Watts, 17-year-old quarterback, for kicking, the orphanage youngsters simply ran over their opponents.

**Seek to Repeat.**  
Barefooted and with football clothing and equipment such as the average high school would not even use for a scrub team, the "Shoeless Wonders" started out to repeat their record of last year of not being scored on.

The Episcopal school, team was heavier and perhaps better coached than the orphanage boys—the "Shoeless Wonders" do not have means to hire a professional coach—but they lacked the strong bare feet, wind and fighting heart, which combine to make the mountaineer youngsters renowned throughout the state.

"They played a great game," he said, "and all they needed was to get the ball and a slight start and they were gone. I believe they can outrun any team in the country. They go like deer. Their white toes blub they go so fast down the field."

Dr. Megginson said that he has received many letters from eastern coaches of big university teams, inquiring as to his methods of teaching his team to run.

**Born Runners.**

**V. M. I. MEETS TOUGH TEAM IN VIRGINIA**  
Lexington, Va., October 13.—A hard scrimmage Wednesday and rough work Thursday in blocking and tackling live dramas featured the preparation of the Virginia Military Institute squad for the game with Virginia at Charlottesville Saturday.

Defensive tactics were stressed in the scrimmage Wednesday, with a team of youngsters using the Cavalier style of attack and freely employing the overhand offense. Coaches Rafferty and Hess have emphasized that Virginia's aerial attack as well as Hutter's line plunges must be stopped if the Cadets expect to triumph over Coach Nene's eleven.

Some changes may be made in the V. M. I. line-up Saturday, though it is certain that Captain Shep Moody, who has been a star in the earlier games, will be at center, and the fleet backfield consisting of Albert Hawkins, Ab Barnes, Frank Nabers, and Bernard McCray will be intact. There is also small likelihood that the Cadet ends, Pink Thornhill and Ray Moss, will be changed.

In these wingmen V. M. I. has the "good big man and the good little man." Thornhill is a six-footer weighing nearly 170 pounds, and Moss stands 5 feet 9 inches and tips the scales at nearer 145 than 150 pounds.

Thornhill was in the limelight in the Georgia Tech game by making a habit of blocking the Yellow Jacket punts, and in the Roanoke game by scoring a touchdown from a fumble. Ray Moss has kept opposing backs, big or little, from circling his end, and in Roanoke game repeatedly tackled the ball carrier behind the line of scrimmage.

**Morehouse Holds Its Final Workout**  
Morehouse went through the final stage of a week of hard training Thursday afternoon in preparation for its annual clash with Howard university Saturday at 2:30. A heavy scrimmage between the first and sec-

ond varsity teams that lasted one hour was held Thursday.

Grice, fleet-footed halfback, has been showing up well with his sensational line bucking. Edmund has been skirting the ends for some mighty good gains and is looking good. Finley is back in form and will do the bucking. Captain Lettmer, Allen, Sherman, Cook, Mann and Johnson, Tiger linemen also are going good.

Howard will arrive sometime today and will go to Morehouse for a light workout.

Coach Harvey is confident of victory over Howard. He also stated that the score of the game would be very close and it would be a hard battle from beginning to end.

Several thousand out-of-town fans are expected to attend the annual battle between the two schools as special rates have been provided. Tickets for the game are on sale at the business office on the campus.

# Alabama Arrives Today For Tech Classic Saturday

## Jackets Set For Alabama Tilt Saturday

Tech Squad Ends Heavy Work With Light Scrimmage and Signal Drill.

BY BEN COTHMAN.

Three years ago an Alabama team came to play Georgia Tech on Grant field. The year before the two schools had played to a scoreless tie after a long string of victories for Tech. Three years ago Alabama, with a strong team, won. Two years ago, Alabama, with a stronger team, won. One year ago, Alabama, strong as ever, won for the third time.

Today Alabama is coming again—with a strong team. Today Tech has a stronger team than it has had in previous years. But is it strong enough to turn the tables on the Crimson Tide? If you knew the answer to that question, a roll of money would be yours Saturday night.

But the Jackets are ready for this, their hardest test of the season thus far. And probably the hardest of the entire season. Not only because Bama has a great line and a strong team. But there is that string of three straight victories. The Jackets, however, are forgetting about those victories in the past and living in the future which is tomorrow.

Thursday afternoon a dummy scrimmage and a long signal drill finished up the preparations for the Tide. There are only two crumbles on the entire squad. Ben Lazen and Glenn Holland, both of them ends. Bob Durant, first string quarterback who was injured Saturday in the Tulane game, has practically recovered and was taking part in Thursday's activities.

The dummy scrimmage was devoted to Hank Bjorkman's scrub eleven running Alabama plays and throwing passes of the Alabama type, while the coaches instructed the three varsity strings how to break up these formations. Each of the three teams had about a half-an-hour of this and then ran signals for over an hour.

The first string varsity, which will probably start Saturday, had Captain Crowley and Waddy at ends, Hood and Thrash at tackles, Drennon and Martin at guards, Pund at center, Durant at quarter, Thomason and Mizell at halves and Randolph at full.

Have Faced Tide. Every man in that line either started or saw service against Alabama last year. Waddy was sent in as sub guard and first was the first football game he had ever played in. This year he has been shifted to end. You know what he's done. But Crowley, Hood, Martin, Pund, who went for Owen Pool last year, Pool being hurt—Drennon and Thrash have all been up against the Tide before. And know what it'll be like Saturday.

In the backfield only Randolph was in part of the game last year. But the showing of Thomason and Mizell, the two sophomore threats, this year has been good enough to account for their starting. Durant is a junior, and has proved himself as a quarterback this season.

It's the strongest team that Tech can muster. It has shown strength before. But more must be shown Saturday.

Alabama will arrive this morning and take over Grant field this afternoon around 3 o'clock for a short workout. Bama is coming with a light, rather inexperienced backfield, but a heavy, 200-pound line that has power. That's what Tech must stop tomorrow.

## Tech and Alabama Teams Guests Of Capitol

The Tech and Alabama football teams will be guests of Carter Barron, assistant manager of the Capitol theater, at the 7 o'clock show tonight. Coach Wallace Wade of the Alabama team, wired his acceptance of Carter's invitation Thursday, and the Tech team has also accepted the invitation.

## LOCAL CAGE LEAGUES HOLD 1ST MEETING

Basketball was thoroughly discussed in the first business meeting of local leagues held Thursday night. The "Y" Church Catholic association held its meeting at the "Y. M. C. A." and the organizing of the city and commercial leagues was discussed at Trammel Scott's.

One of the outstanding rules adopted in each of the different leagues was that no player could play with more than one team. The Goldsmith lawless ball was also voted as the official ball for all league games. It is planned to open the season about the first week in December.

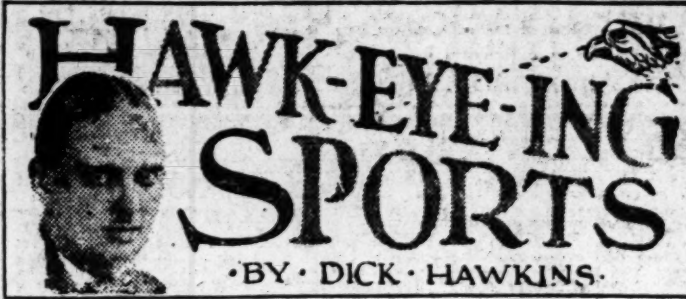

Four new members joined the organization at the meeting. Central Baptist, Inman Park Methodist, Piedmont Baptist and Decatur Presbyterian are the newcomers. No league was formed, but merely the elementary details were discussed. The next meeting will be held at the "Y" next Tuesday at 7:30 o'clock, when a referee-in-chief will be elected. Any church expecting to have a basketball team this year is invited to attend the next meeting.

A commercial league to be known as the Trammel Scott league was organized Thursday and six teams have already signified their intention of entering, namely: Cluett-Pendoley shirt company, New York Life Insurance, Avondale, Governor's House Guard, Jessup-Antrim and the Atlanta & Yowry National Bank Trammel Scott and C. N. Mullins were elected temporary president and secretary. L. R. Coleman and C. N. Mullins were appointed to secure a court.

Nothing definite was decided in the city league meeting. The Gulf Southern Bell, Georgia Power company, Knights of Columbus, 221 Infantry, Y. M. C. A., Atlanta Athletic club (second team) and Martin-Nash all were prospective members. The city league's meeting will be held Monday at Trammel Scott's at 7:30 o'clock.

## Golf Philosophy.

If you are one of the golfers who takes his game seriously and comes very near the brink of suicide every time a putt fails to drop, you should go to Erlanger theater this week and listen to the golf philosophy of "Kid Boots," caddy master in the famous play by that name.

Before going further, let us suggest that Eddie Cantor, who made the part of Kid Boots a byword where musical comedy is the topic, has a most remarkable mimic in the person of Charles Williams with the company now playing here.

Never did a play revolve more completely about one character and never was a play more completely supported by a character than in this vehicle at the Erlanger. "Kid Boots," who acts as a caddy master but sells almost everything from golf lessons to golf liquor, is an original character and the great game affords a fertile field for wise cracks and play with words.

Briefly the story is of the young millionaire who takes a position as professional at a golf club just to be near the girl of his dreams, whose father is president of the club. Of course the girl does not know that her lover is anything but a golf professional. There is the usual old friend of the hero who is mistaken for a lover by the girl and all the rest of the "drammer" is there but therein lies little of the strength of this unique production.

It is not supposed to be a drama and there is no misrepresentation in this respect. It is a roaring comedy with Kid Boots as the center of the picture. The millionaire, Tom Stirling befriends Kid Boots and thereby gets himself a satellite of the first magnitude. The locker room girl is in love with the caddy master and in her zeal to aid her lover's friend she places some phoney golf balls in the bag of his rival.

The great match comes off—and but why tell all the story? Let it suffice to say that any golfer would do well to see the play which finds the humor in the great game. While Kid Boots is the mainstay of the performance Pauline Blair, who plays Polly Pendleton, the girl, is an exceedingly bright spot. She sings passably well and is a superb dancer, brimming with personality. Howard Quigley, who plays the millionaire golf pro has a sweet voice and considerable stage presence. The locker room girl, the feminine doctor and the society reporter lend something to the basket of humor. It is a truly unique play, and well worth seeing.

Good Bets. There is one sure way to get rich. Pick the winner of the Tech-Alabama, Georgia-Furman and Oglethorpe-Citadel games on Saturday. What do we think? Sure we would like to get rich, too, but, in the words of the now famous "Black Crows," "We don't care to hear any more about it."

At every turn we are confronted with the question, "Well, how's the game going to go at Tech Flats Saturday?" There probably will be a tie if neither team wins.

And that's the dope so far as we are concerned. We would no more pick a winner of this game than we would try to guess how many fillings Tex Rickard has in his lower teeth. The old "breaks" hauled into many a story to cover sloppy football and brilliant football, should be used a bit more in this Tech-Tide battle. These "breaks" are funny things to explain, but they are there if recognizable in every athletic contest. Without breaks the game should be something mighty like a tie. It might be just that.

Two Famous Grid Stars in Passing Duel in New York. New York, October 13. (P)—One of those mythical meetings between great college quarterbacks of the past who never played on opposing teams became a reality today when Bennie Friedman, of Michigan, and Eddie Dooley, of Dartmouth, met in a forward passing duel on the deserted turf of the Polo Grounds.

With the deadly accuracy of a brown spear, the ball went hurtling down the field for 50 and 60 yards as the friendly rivals fought it out. Long range honors went to Dooley, but Friedman proved the better sharp-shooter.

No challenge was needed. With a clasp of huge palms they met in a down-town hotel for the first time since they were introduced at an "All-American dinner" here two years ago when, at the height of their college fame, fell to talking of football and drifted to the Polo Grounds for a workout by common consent.

Before the Polo Grounds was reached the two had swapped football theories and agreed that "the greatest offensive play in football is the forward pass."

Four persons, including the custodian of the park, looked on as these two passing stars "took the field."

In the fine art of pegging the ball at the precise spot in the air, where it would fall lightly as a thistle down into the arms of a racing runner, Friedman was adjudged the winner by vote of the "crowd."

## Bulldogs End Heavy Work For Hurricane

Red and Black Warriors Expect Tough Battle With Furman Saturday.

BY BOB SHERROD.

Athens, Ga., October 13.—The Georgia Bulldogs held their last heavy workout and scrimmage today preparatory to the Furman game here Saturday afternoon, displaying fair form. The pep and enthusiasm shown while tackling and blocking the dummy was good to behold. And the offensive shown against the leftovers of the freshman team was nothing short of a runaway. However, the Red Devils managed to break through the varsity defense often for good gains, said Devils using Furman offensive plays.

Buster Kilpatrick, assistant freshman coach, when his opinion of the Furman Hurricane was asked, made the following statement: "They have the smoothest working machine I have seen in the last few years with the exception of Alabama." Buster is in a position to know, having scouted the Purple Hurricane last Saturday when they trampled the Mercer Bears by a score of 27 to 13. In Rawl, Pipkins and Capps the Furmanites boast a trio of the fastest and shiftest backs in the south. Rity defense, carried the ball some 175 yards against Mercer last Saturday.

Prepare for Hard Game. The Georgians are not going on the field Saturday afternoon, expecting any setup. The coaches know the power of the Hurricane, and are setting their team accordingly. The South Carolinians will have some 25 players to Athens, not to mention several hundred students and supporters.

Couch White took his freshmen down to Louisville today to battle with the Mercer rats in their annual affair. The game, which comes off Friday afternoon, is expected to be a good one as the Mercer frosh boast a good team this year while the Bulldogs have already started off the season in bad form, losing to the Clemson freshmen here last Saturday, 7 to 6.

Among the some 23 freshmen making the Louisville trip were: Bennett, Upchurch, Jones, Martin, Smith, Griggs, McKigue, Maffett, Kirk, Dickens, Dickson, Moran, Bishop, Day, Vaughn, Sanford, Rasmussen, Carter, Reider, Winston and Thornton.

Nicaragua Party Arrives. New Orleans, October 13. (AP)—(twice) President of Nicaragua and more recently that country's ambassador to Great Britain, has arrived in New Orleans from Washington for, former "a visit of pleasure." His party included Senora Chamorro, Consul General E. Castillo and a large party of prominent Nicaraguans.

## HARD GAMES ARE SLATED IN SANDLOT

From the looks of the scheduled Saturday is going to see some heated contests in the Sandlot Football league. Chief among the battles that will be staged on this, the third Saturday of the league, are the Scarlet Hurricane-Grant Park game in the 140-pound class and the Maddox Park and Baker Street encounter in the 125-pound loop.

Another heated argument will result when the Gordon Street Feels engage O'Keefe. The first named team is leading the 105-pound league. "Play in the league is creating wide interest and the officials are doing everything in their power to run the games off in good shape. To this end competent referees are being sought by Sam Saltzman, director of the league."

The following is the schedule for Saturday:

105-POUND LEAGUE.  
Gordon Street Feels vs. O'Keefe, at Joe Brown.  
Maddox Park vs. Cardinals, at Maddox Park.  
125-POUND LEAGUE.  
Maddox Park vs. Baker Street, at Maddox Park.  
Bry vs. Bratcliff, at Emory.  
Northside Bulldogs vs. Adair Park, at Adair.  
Green Wave vs. Southside Terrors, at Green Wave.  
White City Panthers vs. Emory Bulldogs, at Emory.  
140-POUND LEAGUE.  
Rinky Dinks vs. Blue Birds, at Moxley.  
Grant Park vs. Scarlet Hurricane, at Grant Park.  
Lakewood A. A. vs. Piedmont Pole Cats, at Lakewood.  
Bry vs. Cedar Workers, at Cedar Workers.  
The standing of the teams in the three leagues is given below:

105-POUND LEAGUE.

## Prep Games Are Booked For Week-End

Marist and B. H. S. Clash in Feature Game Here.

Rounding into mid-season form and stride, all of Atlanta prep teams will busy themselves with hard games over the week-end. Three of the games will be played at home and the others on foreign soil.

At the top of the list of encounters here is the Boys' High-Marist mix-up at Spiller's. Not only will be home-coming day for Marist, but the Cadets will be fighting hard to take the Boys' High team for a fall, something it hasn't been able to do. Last week Marist won, while Boys' High was losing a hard-fought game in Montgomery. Both teams are confident of winning this afternoon's affair.

U. S. B. Meets Lanier. The hardest out-of-town tilt is the University-Lanier high school contest in Macon. Last year the Bluebirds entertained Lanier here at Spiller's, and ran up a score of something like 26 to 7. The line is working like a charm, and the Poets are looking for something else to happen this time. The Tech High Smithies, after a week's lay-off following their inter-sectional victory over Academy High of Erie, two weeks ago, will play Newnan High in Newnan this afternoon. The Smithies should have little trouble in winning.

Fulton High will go on the first of many successive road trips, playing Cartersville in Cartersville. Deatur will round the program of games for this afternoon, entertaining the Athens High school eleven on the Deatur gridiron.

G. M. A. Plays Saturday. G. M. A. will remain idle until tomorrow afternoon, playing the strong Locust Grove institute eleven on the G. M. A. campus in College Park tomorrow afternoon.

## WadeBringing Strong Team Here for Game

Squad Holds Light Workout Before Departing for Grant Field.

University, Ala., October 13.—(Special.)—Winning up a week of hard work with his men in fine shape, Coach Wallace Wade and his mighty Crimson Tide, the University of Alabama left here tonight for Atlanta and the annual Georgia Tech classic to be held at Grant field Saturday afternoon.

Before leaving the capstone, Wade sent his charges through a tag scrimmage, impressing his men with the attack to be used against the Yellow Jackets. The boys went through this workout with plenty of speed and pep, and Wade is pleased with his men.

Arrives Today. The team will arrive in Atlanta Friday morning and will workout on Grant field in the afternoon. Should the field be dry Saturday afternoon the Tide will probably open up its air attack against the Jackets. Wade has done much to perfect his passing game, and plenty of it is expected to be seen in the game with Tech.

The line is working like a charm, with every man reported to be in tip-top shape for the big tussle. In scrimmages here this week the Alabama forward wall showed much improvement over its last performance, and with the linemen in perfect shape it will be hard for the Jackets to stop the Crimson Saturday.

Some twenty-eight men made the trip to Atlanta, and all are confident of coming back to the capstone with a victory of the Golden Tornado. The following men made the trip: Real, Bowdoin, Brasfield, Brown, Tilbert, Douglas, Dismukes, Dye, Ellis Hagler, Hammer, Hicks, Holden, Holme, McClintock, McDonald, Payne, Peare, Pickard, E. Smith, M. Smith, Skidmore, Spitz, Starling, Taylor, Tuck, Rogers, Coleman, assistant athletic director; Billy Pantlaw, manager, and Coaches Wade, Cohen, Crisp and Johnson.

## ALL EASTERN ELEVENS WORK ON AIR GAME

New York, October 13.—(AP)—Indications of an intensive aerial attack on eastern college fields Saturday were in prospect as squads drilled with the forward pass offensive today.

Pennsylvania worked out the overhead drive which Coach Lou Young plans to hold in reserve when the Red and Blue stacks up against Penn State. Bezdek's warriors, 27 strong, left for Franklin field after a rousing semi-off at State college.

The Harvard varsity was drilled at coping with a snappy forward passing play expected from Holy Cross and its star hurler, Bloddy Ryan. Holy Cross had a light practice session at Worcester.

Seven players, including two varsity men, Black and Harris, of the backfield, will be out of the Dartmouth lineup against Temple, it was announced today, because of injuries.

Passing and punting marked the Army program in preparation for Davis-Ellkins' Cagle, Mehan, Hutchinson and O'Keefe displayed great skill in an aerial offensive.

Syracuse polished off a hard grind with several new formations to be used against Georgetown. Lafayette intends to make extensive use of the aerial drive against West Virginia.

## GREATEST SERIES MELON IN HISTORY IS SLICED BY CZAR OF BASEBALL

Chicago, October 13.—(AP)—The world's series players' melon, amounting to \$339,440.67, the greatest in baseball history, was split up into 170 shares by Commissioner Kenesaw Mountain Landis tonight when he mailed checks to the conquering Yankees and members of the teams which finished second, third and fourth in the American and National league races.

The defeated Pirates have not yet notified the commissioner how they want their losers' end divided with the result that he still is holding \$111,843.39, the amount the Pittsburghers got for their disastrous series with the American league champions.

**Yankees Split \$167,765.08.** The Yankees split \$167,765.08 into 27 full shares of \$6,213.52. Miller Huggins, manager of the club, and Arthur Fletcher and Charley O'Leary, coaches, each received full shares along with the players. The traveling secretary, trainer and club attendants received checks for portions of shares.

The Athletics and Cardinals, which finished second in their respective leagues, divided \$29,958.05 each, the Athletics players splitting their award into 25 shares of \$1,198.32 and giving "Baby Doll" Jacobson, an outfielder who was only with the club a short time, \$500. Elbera was third and last, only three horses starting. The time for the six furlongs was 1:14.3-5.

J. B. Partridge's Ruane, an outsider, captured the banner attraction on the opening day's card of the Arlington plant at Chicago, galloping home first in the American National Chicago Day handicap, carrying \$10,000 in added money for 3-year-olds and up. Devon was second with Mix-up coming in to show. The victor paid \$40.02 for \$2 play. The mile sprint was covered in 1:37.2-5.

The \$2,000 Hampton handicap at a mile and 70 yards at the Laurel track went to the favorite, Jock, owned by E. B. McLean. Frette took the place with Tip-Top third. Jock took the lead coming in the home stretch and won by a length and a half. The time was 1:43.5.

At Latonia the Audley farms' Nevermore finished first in the Larchmont, a six furlong dash for 3-year-olds. Areal was second in front of My Son. The time was 1:16.2-5.

**Oh, Well.** The great quake which rocked Vienna was probably just another of those Austrian dancers trying to get into our movies.

## Avera, Vickers Win Battles At Auditorium

**Hogan Knocked Out in the Fourth Round of Scrap by Local Boy.**

BY BEN COTHMAN.

Atlanta's boxing uplift and the comeback aspirations of one Mr. Paul Berlenbach, one time world's light-heavyweight champion, it would seem, have ended all in one night. They brought Mr. Joe Lohman, of Toledo, to Atlanta as an opponent for Mr. Berlenbach to begin his comeback on. Mr. Lohman got his signals mixed, or something went wrong, and the bout ended in a draw, which speaks rather well for Mr. Lohman, who succeeded in tying Mr. Berlenbach in several knots upon several occasions, and which would seem to indicate that Berlenbach is through.

How Mr. Berlenbach ever defeated Georgia's Mr. Strubling is a question that the few customers—cash and otherwise—pondered over Thursday during the going-on in the final bout while Lohman was engaged in making Mr. Berlenbach look rather silly.

**Showed Little Concern.** Berlenbach during the first few rounds showed little concern over the actions of Mr. Lohman, of Toledo, and along about the fifth round came out with orders probably to finish off his opponent so the customers could go home. Mr. Lohman, however, refused to be finished off and in the eighth round landed a few blows upon various portions of the comeback-attempting Mr. Berlenbach's anatomy.

Mr. Berlenbach was a pretty pair of blue fists with a red sash effect around his waist and acted like a nice boy, but it would hardly seem that there's a championship behind the belt of these same fists. This same Mr. Berlenbach was alleged to have a murderous left with which he finished most of his opponents. He tried to use it right often. He succeeded in landing about two or three solid blows and in missing about three times that many left jabs.

For the first several so-called big-time bouts to revive the art of fisticuffs in Atlanta, Thursday night's attempt between the Messrs. Lohman and Berlenbach was about as much help as was Pittsburgh's Mr. Cuyler in the world series just ended.

Mr. Larry Avera, chief protegee of Captain Bill Lotz, won a 10-round decision from Mr. Spike Webb, of Charlotte, Augusta, Mobile and other southern points. Avera showed himself a rather clever boxer and moved in much faster fashion than did Webb. This was probably due to the fact that Mr. Webb, fighting Thursday night as from Augusta, had a round or so with a Mr. Ken Harris in Spartanburg Wednesday as Spike Webb, of Mobile. Which goes to show what some people will do to make money.

**Webb's Eye Cut.** Mr. Avera had a rather fast left that cut open Mr. Webb's cheek near the left eye, and kept it open, causing much worry to Mr. Webb. Avera landed solid blows on Webb's frame repeatedly, and being a better boxer than he is slizzer, kept him from knocking Mr. Webb out of the ring.

In an eight-round semi-windup, Mr. Johnny Vickers, the Buckhead choir singer, danced and snorted around the ring, was knocked down once by his opponent, a Mr. Jimmy Hogan, of Miami, Fla. Then in the fourth round Mr. Vickers tapped Mr. Hogan on the chin and for no apparent reason. Mr. Hogan took the count.

Two likely looking lads, Mr. Casey Jones and Mr. Harry Smith, rushed, slugged and pranced around for six rounds. Mr. Jones winning the decision by slapping Mr. Smith in decisive fashion in the last part of the bout.

**Berley Fights Monday.** In the opener Homer Reid won a four-round decision over Kid Maddox. These two youngsters drew plenty of blood and probably did more fighting than both Lohman and Berlenbach.

Mr. Berlenbach weighed 175 pounds, and Mr. Lohman 178. Monday night Mr. Berlenbach fights a Mr. Tom Robinson, of Boston, in Miami, and will probably still be trying to come-back. That, however, is something that it would appear Mr. Berlenbach isn't capable of doing. He didn't look that way Thursday night.

## Wildcats Workout On Grant Field

An unknown quantity in the Southern conference—Kentucky's Wildcats—stomped over in Atlanta long enough Thursday to pay a visit to Grant field, home of the Tech Yellow Jacket, and take a brisk workout. The Wildcats had entrained at Lexington, Ky., Wednesday night and were glad of a chance to limber up.

Thursday night at 9 o'clock this

## Seven Hard Conference Tilts Slated Saturday

**Tech-Alabama, Georgia-Furman Games Outstanding in This Section—Petrels Open Against Citadel.**

BY WHITNER CARY.

Again we are on the eve of another Saturday, countless football encounters, probably numerous upsets and certainly many heated engagements.

Doping football results during a gridiron season is akin to married life. The start is rosy few difficulties arise and life is extremely tranquil. Then heartaches, trials and tribulations begin to multiply and life gets worse and worse.

The coming Saturday sees seven pure conference games, one in which a conference team invades the east, another where the plains of Texas is the battleground and a third where a leading member tackles one of the best of the S. I. A. A. aggregations.

All of which means that there is plenty of room for argument in many of the tilts.

Standing out in interest to this section is the Tech-Alabama contest at Grant field, and the Georgia-Furman clash in the classic city of Athens.

The Crimson Tide, that wave of destruction and ruin that for three straight years has washed victoriously over Grant field, is said to again have all the earmarks of its former fury. Tech, on the other hand, is undoubtedly stronger than last year.

But, taking all this into consideration and allowing for the Tide to be slightly less devastating than last season, it is hard on pure dope to see anything save a Crimson victory.

Down at Athens the Georgia team of destiny, fresh from a sensational triumph over Yale, will be confronted with one of its toughest assignments of the year—the repelling of the Purple Hurricane of Furman. While some of the Georgia supporters lean to the view that the Yale victory may make the Georgians over-confident, this writer believes that the sting of that Furman defeat last year and the desire for revenge, plus the knowledge that the Laval machine in the south, will counteract any undue confidence. Georgia is unquestionably stronger than last season. The team has more drive. With the exception of Smith, the players are in splendid shape.

Furman, in Rawls and Pipkins, will flash two of the best backs below the Mason-Dixon line. The team is well coached and is known to play its best brand of football against Georgia. The game should be replete with sensational plays and should furnish plenty of thrills. While realizing that Furman has a powerful attack and brings to Athens a veteran team, and a team capable of making things extremely interesting for any outfit in the south, we believe that Georgia will win.

**Vandy Against Texas.** Going way out to Dallas one finds Vanderbilt staging its annual argument against Texas. With its powerful attack the Commodores should emerge the victor.

Taking a glance into South Carolina one sees the two Carolinas locked in battle in Columbia. From a rather distressing start against Evins and Maryland, South Carolina came back last Saturday to beat Virginia. The game should be exceedingly close, with North Carolina having a slight edge.

Tennessee should have little to fear from Ole Miss, while Tulane should make it a total loss for the state of Mississippi by taking the Aggies into camp.

It would be a brave person who could see where Auburn had even a 10 to 1 chance against the powerful L. S. U. outfit so it is easy to say that Mike Donahue will celebrate the signing of a six-year contract with a neat victory over his old school.

**Plenty of Action in Virginia.** The Maryland and V. P. L. encounter should see the Virginians at the long end of the score. Virginia and V. M. I. stage a legic battle in which it would appear the Cadets had the edge.

While all this action is taking place in the Old Dominion, Washington and Lee will be heatedly engaged against Princeton in a game that should see the Tiger keep its slate clean.

Florida entertains Kentucky and unless the Gators show much improvement over their other starts a Blue Grass victory would be in order. The leading S. I. A. A. clash in

same bunch of Wildcats clambered on board a train headed for Jacksonville and the first conference tilt of the season, with the University of Florida.

The Kentucky team is hard to judge from a conference standpoint. Offensively, the team is strong, liable to break out in a rash of touchdowns at any time when the squad is on edge. On defense, the Wildcats become tame. It is a glaring fault of the secondary that it allows opposition backs to trickle through for rather good gains.

## WOMEN HOLD GOLF TOURNEY HERE TODAY

Around the rather early and what promises to be a very chilly hour of 9 o'clock Friday morning the leading women golfers of this city and many who are not the leading golfers will assemble at the Druid Hills course to compete in the Miller cup medal play tournament.

This marks the third year this trophy has been in competition. The first year saw Mrs. O. B. Keeler, then Mrs. Eleanor McAuliffe take down first honor. Last year Mrs. Roy Burns crashed through to victory.

The tournament is decided on 18 holes of medal play with club handicaps of the players in force.

## Zellers-McNeill Wedding To Be Lovely Home Event of Oct. 20

Society's keenest interest centers in the announcement today of the wedding plans of Miss Emily Quinn Zellers, of Grantville, to Duncan Campbell McNeill, Jr., of Laurinburg, N. C., the ceremony to take place at twilight Thursday, October 20, at the handsome ancestral Zellers home in Grantville.

The Rev. Dr. J. E. Hannah, pastor of the First Presbyterian church of Newnan, will read the marriage service in the presence of a brilliant and representative gathering of southern society.

Mrs. Beaumont Davison, Jr., of Atlanta, lovely sister of the bride-elect, will be her matron of honor and only attendant.

Master Albert Lehman III, small son of Mr. and Mrs. Albert Lehman, Jr., of LaGrange, will act as ring bearer.

The beautiful young bride-elect will be given in marriage by her father, Thomas McNeill Zellers.

Mr. McNeill will have as his best man his brother, Marion McNeill, of Laurinburg, N. C.

An informal reception will follow the ceremony, after which Mr. McNeill and his bride will leave for New Orleans, from where they will board the S. S. Parismina for an extensive cruise of the Caribbean sea.

They will touch at points of interest in Central America, and will sail through the Panama canal, returning home November 14.

They will reside in Laurinburg, N. C., where the groom-elect is engaged in business and the bride-to-be will form a notable social acquisition.

### School of Oratory Announces Courses.

The Atlanta School of Oratory and Expression, 402 Wesley Memorial Church building, announces that beginning with Saturday, October 15, special courses will be offered during the evening and Saturdays to meet the needs of school teachers and to prepare them for professional advancement. Fundamental principles of education and psychology will be offered and their application in learning, teaching, breathing, voice production, reading, public speaking, expression, elementary methods, story telling, methods and health with speech correction, also spoken English.

These courses will be given under the direction of the president, Dr. James F. Watson, with whom interested persons should consult in regard to the training.

### Miss Van Dyke Honors Visitors.

Miss Marion Van Dyke was hostess at a party Wednesday evening at the Debutante night supper-dance, honoring a group of attractive visitors. Covers were placed for Mr. and Mrs. C. Stacy Adams, of Brussels, Belgium; Prince Porokhovshikov, of Nice, France; Mr. and Mrs. John E. Wallace, Mr. and Mrs. Hugh Richardson, Everett D. Steele and Miss Van Dyke.

### Mrs. Whiteside Gives Luncheon.

Mrs. Frances S. Whiteside was hostess at luncheon Thursday at the Atlanta Woman's club in honor of the birthday anniversary of her sister, Mrs. J. E. McAdams, of Houston, Texas, who is her guest.

### K. L. K. Fraternity To Give Dance.

An interesting event of the fall season will be the dance given by the K. L. K. Fraternity, Friday evening, October 14, at the Sylvan Hills club, complementing Mrs. Gordon Keith, formerly Miss Catherine Cantley, who is sponsor of the fraternity.

The members of the fraternity are: Gordon Keith, imperial stoker; Steven Malone, Jack Langford, Marshall C. Dunn, Gus M. Tarrance, Gordon Smith, Walter Crowe, Gordon Bennett and Edward Fox.

## Hop Suppers Mark Social Life At Fort McPherson

A series of hop suppers will precede the Friday evening hop at the Officers' Bridge club at Fort McPherson, members of the married set of military society foregathering at the supper given by Colonel and Mrs. Melville S. Jarvis at their quarters at 7:30 o'clock, while the unmarried set have been invited to meet a charming visitor, Miss Callie Wright, who is attending Brenau college in Gainesville, by her hostess, Miss Dorothy Tebbets.

Colonel and Mrs. H. P. Wagner, Major and Mrs. Gilbert Marshall, Major and Mrs. Richard Donovan, Major and Mrs. G. H. Franke, Major and Mrs. Theodore M. Chase, Major and Mrs. A. B. Jones, Captain and Mrs. C. C. Gans and Lieutenant and Mrs. E. E. Glenn will be guests of Colonel and Mrs. Jarvis.

Invited to meet Miss Wright are Misses Juliette Carpenter, Margaret Casady, Gertrude Rowell, Lieutenant and Mrs. R. G. Turner, Lieutenant and Mrs. H. McDaniel, Lieutenant Van D. Whittier, Lieutenant R. E. Hunter, Lieutenant Luther Causey and Wright Bryan.

### Mrs. Charles Winship Entertains at Tea.

Mrs. Charles T. Winship entertained Thursday at 1 o'clock at the Atlanta Athletic club in compliment to her mother, Mrs. Elizabeth T. Winship, who has just returned from an extensive European tour. The guests included 18 friends of the honoree.

### Boulevard Park Club Plans Christmas Play.

The Boulevard Park Woman's club met Monday afternoon at the residence of Mrs. Helen Swan on Cresthill avenue, the president, Mrs. C. F. Connel, presiding. Reports from committees were heard.

A program was adopted for a series of studies of civic and community work to be conducted during the fall and winter, and a play, to be given during the Christmas holidays and a benefit bridge to be held at an early date at the residence of Mrs. E. G. Thomas, with Mrs. A. J. Walker in charge of arrangements.

## Mr. and Mrs. Glenn Are Given Dinner At "Broadlands"

Honoring Mr. and Mrs. Thomas K. Glenn, Mr. and Mrs. Hugh Richardson entertained at dinner at their home "Broadlands" on North Side drive.

The lovely home was artistically decorated with ferns, cosmos and a variety of autumn flowers. The handsome table, which was overlaid with a magnificent lace cover, was ornamented with an epergne of brilliant dahlias, the shades of pink and rose predominating, which was surrounded with handsome silver candlesticks holding white tapers which cast a soft glow over the scene.

Mrs. Richardson received her guests in a charming straight line model of blue georgette. Eight close friends of the host and hostess were present on this occasion.

We Americans work too hard. We go too fast. What with business duties, social obligations, family responsibilities, long journeys and short trips at breakneck speed, our minds are weary, our bodies fatigued, our nerves "all on edge."

We are in constant need of cheer, comfort, relaxation, refreshment—and the best way to get it is by stopping for a few minutes, when we're all fagged out, for a steaming cupful of RIDGWAYS fragrant, full-bodied, invigorating tea.

Try it! In two minutes you'll feel like a new person. You'll be revived, comforted, and suffused with a delicious sense of well-being. ## BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist.—(adv.)

## 'TRUE WIFE' GOES TO REV. JORDAN

Charlotte, N. C., October 13.—(AP)—The "true wife" of the Rev. Willis T. Jordan, convicted bigamist, has reached his side to bring him "comfort and rest," though her arrival was too late to fortify his spirits during the trial, which resulted in his receiving an 18-month prison sentence.

Arriving yesterday, Mrs. Vesey V. Jordan, whom the Columbia-Gazette minister has referred to as his "one and only true love—my true wife," lost no time in reaching her husband's jail cell, where the reunion, marked by much weeping and joyful tears, was effected.

Today Mrs. Jordan spent several hours at the prison, the pair for the most part engaged in conversation, usually low pitched, though at times it became animated. Frequently they held hands.

Mrs. Jordan has made no explanation of her failure to appear at the trial, which came to a dramatic close here last week when Jordan was returned here from Grand Rapids, Mich., to answer a charge of bigamously marrying Mrs. Emma Langridge of Washington, D. C., when he already had a living wife, his "true wife," now at his side, wrote him a series of fervent letters pledging her "life if necessary" to help clear her husband's name, and protesting her love for the minister.

Despite this, she did not arrive from her West Virginia home until yesterday. Mrs. Jordan is small, almost tiny compared to the tall, gaunt form of her husband. She is 60.

Jordan, awaiting the outcome of the appeal from the 18 months' prison sentence, told Mrs. Jordan upon their meeting that "they have been good to me here, and I hold them no ill will." It has not been learned how long Mrs. Jordan will remain in Charlotte. Upon her arrival she was met at the train by Mrs. Tom T. Jimison, defense counsel for Jordan at his trial.

## JAYCEES PLAN WORK FOR CHEST CAMPAIGN

The part that the Atlanta Junior Chamber of Commerce will play in the Community Chest drive, which begins on October 21, was outlined Thursday at the regular weekly meeting of the organization at the chamber building.

Dr. Sidney L. Davis was in charge of the luncheon program and presented to the membership an entertaining dance program, consisting of the very latest dance steps interpreted by Patricia Saunders and Jeannette Kelley, Atlanta dancers. Frank Meyers, piano soloist, rendered several selections and accompanied the dancers during their presentations.

Cyril Dieter, chairman of the Jaycee committee which will assist Community Chest workers in the drive, outlined the program of the junior chamber campaign and called upon the membership to put everything you have into the drive and let's make it a success.

The organization will conduct a public speaking and personality campaign in connection with the movement to raise the funds for the Community Chest and Ivey LeCraw outlined the proposed plan for this part of the drive.

## Griffin Girl Goes To New York To Enter Typewriting Contest

Miss Elizabeth Gammon, who won the state typewriting contest in Atlanta last week when she defeated a Georgia Tech student by two words, left Wednesday for New York city, where she will represent Georgia in the International Typewriting contest at Carnegie hall October 17. This is the first time that the state has been represented in the national contest.

## EXCHANGE PUTS RAIL STOCK ON BIG BOARD

New York, October 13.—(AP)—The New York Stock Exchange today admitted to trading the 490,367 shares of 7 per cent cumulative preferred stock of the New York, New Haven & Hartford railroad recently issued to retire a portion of the company's indebtedness to the government, the stock, which has a par value of \$100 a share, is convertible into common on a share for share basis.

## FT. VALLEY BAPTISTS TO GIVE BARBECUE

Fort Valley, Ga., October 3.—(Special.)—The Baraca class barbecue, which is to be held on the Baptist church lawn on Friday evening in honor of the new pastor, Rev. B. Reed and his wife, will be an outstanding event of the week here in church and Sunday school circles. Ralph Newton is teacher of the Baraca class.

## MANY CONVICTED IN WHISKY CASES

Found guilty by a jury in two cases, Dave M. Parker, of Rockdale county, pleaded guilty in a third case Thursday morning in the hearing of prohibition matters in United States district court. Meanwhile, a mistrial was declared in the case of R. W. Parker, also of Rockdale county, who was jointly indicted with Dave Parker.

Dave Parker was sentenced to three months in jail on a conviction for manufacturing liquor, and fined \$100 on a conviction of possessing 14 gallons of wine and three quarts of liquor. He was fined \$20 on a plea of guilty to manufacturing liquor in another case. Enforcement of the jail sentence was deferred until December 1, under \$500 bond.

DeWitt Wilson, of Campbell county, was fined \$40 on a plea of guilty to possession and selling 15 gallons of liquor. Wilson sold the 15 gallons to a prohibition "undercover agent" for \$90, and then threw the money down, refusing to take it, when the agent revealed his identity and made the arrest, it was stated.

Mrs. Julia F. Lynch pleaded guilty to three consolidated cases and was fined \$20, having already served five months on state court sentences in the same cases. She was charged with possessing at various times, five pints, nine pints and three gallons of whisky.

John Pittman was fined \$25 on a plea of guilty to possessing four quarts of liquor. George Guthrie pleaded guilty to charges of transporting 31 quarts and eight pints, and was fined \$10. R. C. Odom was fined \$15 on a plea of guilty to possessing a pint. H. D. Carver was fined \$10 on a plea of guilty to possessing a gallon.

## CARROLL PAROLE ACTION EXPECTED OF BOARD TODAY

Earl Carroll's petition for a parole from the Atlanta federal penitentiary will probably be considered by the prison parole board today on its visit to the honor farm, it was learned Thursday. The parole board went into session Tuesday, and spent the day examining the records of applicants for parole.

Carroll, who was convicted and sentenced to a year and a day for perjury in the famous "bathub" case, is a laborer at the honor farm.

## YOUTHFUL AUTO THIEF SENT TO REFORMATORY

Stanley H. McKee, alias H. F. Jackson, 17, was sentenced Thursday to three years in the national training school for boys at Warrenton by Federal Judge Samuel H. Sibbey, when the youth entered a plea of guilty to violation of the national motor vehicle theft act.

McKee was charged with stealing an automobile in Atlanta and carrying the machine to Andrews, N. C., and back to Gainesville, where he was arrested.

## CAPT. THOMAS KENNEY IS ORDERED TO DETROIT

Captain Thomas Kenney, quartermaster corps, has been relieved from duty at Camp Jessup and has been ordered to Selfridge Field, Mich., for station, it was announced Thursday. Captain Kenney has been on duty in command at Camp Jessup since July 1, 1926, and his change of station is in conformity to the recent consolidation of Camp Jessup with Fort McPherson.

This consolidation places the ac-

## Much-Arrested Veteran Claims Five Birthplaces

Seven cities claimed Homer dead, but Lawrence Aber, war veteran who is seeking deportation to England, is on the way to surpass even the old Greek poet's record. Lawrence is very much alive, for one thing, and for another, claims five different cities for his birthplace.

"And that isn't half of it," declared M. A. Cockendall, immigration inspector in charge of the Atlanta district, "for we haven't gone to the bottom of Aber's case yet, and more birthplaces may turn up any time."

So far as immigration authorities have been able to determine, Aber may have been born in any one of five places, as follows: St. Thomas, Ontario, Canada; Jersey City, N. J.; Scotland, Phillipsburg, N. J., or Monmouthshire, Wales.

Aber told Mr. Cockendall he was born in Wales. His guardian in Cincinnati says he was born in Scotland, his declaration of intention to obtain American citizenship, filed in New Mexico, shows Ontario as his birthplace, and the local veterans' bureau says he was born in Phillipsburg. When he was brought back from Panama the Washington headquarters of the veterans' bureau informed Ellis Island that Aber's birthplace was Jersey City.

The only person with a record of birthplaces above Aber's was a negro whom Mr. Cockendall investigated several months ago, only to find he was born in South Carolina. But Aber may exceed the negro's record yet, for there are several sources yet to be heard from.

Aber is now confined in Fulton tower as the result of the smashing of a postoffice window in an attempt, he said, to hurry up the investigation of his case.

Very, very high pressure executives make it a rule to pretzel at least once every afternoon. They find that biting out letters rests their 90 H.P. brains. Try it. Lock the doors. Send out word you're in conference and start biting. A good word to bite is

# BUSY

because it helps make you believe you are—busy, at least, being a pretzeleer.

It was a pretzeleer who invented the word toothsome. He was thinking of the fine hearty salty flavor that comes free with every O-So-Gud. And the crispness and brittleness. To say nothing of the crunchiness.

The more you pretzel with O-So-Guds the better you like it. Pretzel before going to bed. With soup, salad, dessert. When you drink ginger ale. If the youngsters will eat between meals there's nothing better than a knotty but nice pretzel. . . . And you don't have to worry about digesting them. That's easy.

Uneeda Bakers pretzels, of course. We call them O-So-Guds because they are.

## SYNOPSIS

On the way to Donald Briery's house at Rutherford for lunch, Connie Elmore, Donald's fiancée, tells her friends Olive Weston that Donald stands a chance of inheriting half a million from the estate of old Harrowby, a friend of Donald's father.

Olive and Connie share a flat in London. Olive is secretly in love with Donald but sincerely pleased at Connie's good fortune in winning him.

Sandle and Querk, solicitors handling the Harrowby estate, are crooked and plot to cheat Donald Briery of his fortune by having a spurious heir appear whose claim is prior to Donald's. In the midst of the plotting Augustus Briery, Donald's father, presumed to have died on the Titanic, calls on Sandle. Querk suggests to Sandle that he invite Briery to Harrowby house and there with the assistance of Querk's tool, Wade, dispose of Briery.

Connie decides to visit her old nurse, who is now caretaker of Harrowby house. Mrs. Jones is out but Connie finds the key and lets herself in to wait for her. She hears strange noises in the library and, going to investigate, she sees Sandle and another man kill Mr. Harrowby, whom she recognizes from his portrait. Rushing out of the house, Connie stumbles into Mr. Querk. While telling her story, Querk jostles the bell and sends a signal to the murderer. Connie sees a policeman and, calling him, she proceeds to the library and Connie asks Querk to open the secret door. In the wall where she had seen the men place the body, it is empty. Querk accompanies her to the police station, where she tells her story to the police superintendent. Querk intimates that she has incited the scene and in exasperation Connie goes to see Olive, who believes her story.

Querk requests Sandle to come to the superintendent's office and he presents his alibi, which the police officer accepts. The two lawyers proceed to Wade's office where old man Turle and his son, the spurious heir, await them. The old man dies just after they walk into the office.

The next morning Connie calls on Querk and meets young Jones there. She recognizes him as her old nurse's son, but does not know that he has been posing as Henry Turle, Jr. Querk later pretends that Connie imagined she saw young Jones. He tells Olive that Sandle is about to bring criminal suit against Connie unless Olive, as her nearest friend, has her committed to a private sanatorium which she recommends. When Donald is visiting Connie at Maxton house a body is found buried in his garden. Olive, sent out on the case by her newspaper, meets and warns Donald. She arranges a hiding place for him in London. Detective Rason calls on Olive.

waiting for her to go on and tell him where Donald was at that moment. Still she hesitated.

Querk spoke again.

"How is he hiding himself, Miss Weston? Where is he?"

At the direct question Olive's sense of mistrust quickened again. Reason might bid her tell the whole truth to Querk, but intuition warned her to lie to him.

"Donald is at my flat," she answered steadily, and added: "It seemed the safest place."

Querk nodded gravely. Then he consulted a memorandum.

"Now, will you please ask him to write down all his movements, to the most minute detail, beginning with the night of the fifth—that is, the night on which the taxman alleges that he brought a passenger to the house?"

Olive agreed and Querk perfunctorily thanked her.

"It is useless for us to discuss the matter until I have that statement," he added.

"And you've got another client waiting," cut in Olive. "I'll buzz off."

"You had better come and see me again soon," pressed Querk. "He cannot stay at your flat, of course, and he will want money. He must drive on me—though of course in the very strictest confidence."

"You are a sport," said Olive with unwilling admiration and feeling desperately sorry that she had not fully trusted him. "It's awfully decent of you to offer, but he has as much as needs, I gather. And you certainly mustn't do anything more that might put you in danger. You're breaking the law, aren't you, for his sake?"

In a minor degree, I fear that I am," answered Querk. "The law says so—but there—let us look on the bright side, my dear. And now, goodbye for the present. Good-bye—and be sure to come and see me tomorrow."

Olive left the office, feeling vaguely dissatisfied with the interview.

"Anyhow, he was awfully decent about it, although he's a bit of a slow coach with his jolly old written statement and what-not before consenting to take up the defense. He's a clever old thing in spite of his 'butteriness'."

I generally run second best with that particular laddie, which is a good sign.

She continued to walk on, her mind dwelling on the interview with more than a little self-reproach.

"I wish I hadn't been such a suspicious beast," she mused. "I needn't have lied to him about Donald's whereabouts if he's going to take up the defense at the risk of his own career."

There was nothing much for her to do, she reflected, until she had seen Donald. In the meantime she would go back to the flat and write out a statement for Querk.

Don's account of his movements won't help in the least. But our account of what probably took place may help a great deal.

She was thinking of the conversation she had had with Donald in which they had discovered the "magic formula" of his innocence, and so had been able to see each of the points in the case against him which had been deliberately falsified.

Time was precious and she took a taxi home. As she reached the landing she saw two men standing by the door of her flat. Of one of them was looking through the letter box.

He stood up as he heard her footstep.

Detective Inspector Rason.

"The brute has come to arrest me!" ran her thoughts. "Don, I'm sorry! I did my best."

As she drew level with them, Detective Inspector Rason took off his hat.

"Good morning, Miss Weston. We couldn't make any one hear."

"Yes," said Olive eagerly.

"You know his present whereabouts, then?"

Querk waited for her to continue—and Olive felt that he was waiting—

I THINK IT'S SILLY FOR YOU TO PAY \$300 TO JOIN A DUCK HUNTING CLUB—GETTING UP AT THREE O'CLOCK IN THE MORNING TO SPEND THE NEXT FOUR HOURS LAYING IN A SWAMP TRYING TO CATCH DUCKS AND PNEUMONIA—

New York, October 13.—(AP)—Although the market for listed bonds had the competition of nearly \$125,000,000 in new offerings today, prices continued to hold firm. Syndicates handled two major issues of foreign bonds, \$20,000,000 State of Brazil 6s and \$40,000,000 United States Brazil 6 1/2s, reported prompt oversubscription, which was regarded in many circles as an added indication that the present period of easy money is not yet wearing its end.

News from Warsaw said that the long expected loan to Poland had at least been arranged after considerable negotiations in London, and the financing program of the Younger Steel and Tube company, including \$50,000,000 issue of five percent bonds, received its share of attention. Flotation of these securities, as well as the Rentenhahn, is expected some time next.

Foreign obligations followed an irregular trend in the listed trade. Polish 8s moving up sharply, while even Latin and German bonds were easy on price-taking. Brazilian 6 1/2s lost a point.

Rails and utilities continued to lead the domestic groups. New Jersey Central and Brooklyn street cars reached new peaks, while several others sold close to their previous highs for the year. Telephone issues were again in demand, and Brooklyn Gas 5 1/2s advanced another 2 points. Establishment of a new peak by General Motors acceptance 6s featured the market group, with warrants gained more than a point to 106, but later lost half their gain.

Second Liberty 4 1/4s continued to sag, and sold only a shade over par, duplicating their previous low for the year. Most of the federal government securities were in demand, and Liberty 4 1/4s changed hands in particularly large amounts.

Tomorrow's new offerings include \$50,000,000 Central Bank for Agriculture, 6 1/2s, at 105; \$20,000,000 at 63 1/2 per cent. Holders of French external loan of 1924 gold 5s are being notified that \$1,711,000 of the bonds have been redeemed. The new offering on December 1 at 105 and interest. This is the first call for redemption of any part of this issue.

top grades of wheat scarce at Winnipeg and reports that the best arriving there is of tough quality, wheat prices here advanced today. Export business totaling about 1,000,000 bushels, chiefly United States spring wheat, was noted. Closing quotations on wheat were firm, 3-8 to 5-8 net higher. Corn finished 11-8c to 12-3c down, oats 1-4c to 1-2c off and provisions varying from 15c decline to a rise of 10c.

At first today the Chicago wheat market averaged lower, chiefly as a result of advices that the weather in Canada was better for threshing, and that larger supplies of wheat from farms were looked for. Word of copious rains in Argentina tended also to favor the bear side. On the other hand, however, further reduction of estimates of yield in Australia appeared probable. Moreover, the fact developed that Canadian farmers had marketed only 1,579,000 bushels of wheat, compared with 4,700,000 bushels a year ago.

Premiums obtainable today for red winter wheat in Chicago, a full one cent higher at 71-2c over December delivery, were well reflected in the wheat market as a whole in the late dealings. Gossip was current, too, that the major part of the Canadian crop would be sold at 2c or under, and that No. 3 is more or less of a drug on the market at present. Another bullish influence toward the end of the day was announcement that the remaining Argentine exportable surplus as of October 1 had been officially estimated at 3,000,000 bushels less than last year.

All deliveries of wheat were at low price record for the season. Bearish crop reports, especially from Iowa, attracted notice, weather conditions were fairly favorable, and the weather forecast said cattle feeding this winter is expected to be considerably less than last winter in the corn belt, and the weather outlook for the corn belt averaged lower, sympathizing with corn.

Most of the provision list was higher owing to an advance in hog values.

### Dry Goods.

New York, October 13.—The American Woolen Company's sales of various coatings and suitings for women's wear, representing about 100,000 yards, were completed today, showing a wide departure in construction. Reducing in favor of lighter hosiery offered, and a large quantity of the latter was advanced ranging from 7 1/2 to 15 cents. The woolen goods were a cover for the large business came in on printed wash fabric. Burlap, spring Gray goods were inactive. The market was generally 10 to 15% higher. Approximately 50,000,000 yards of woolen goods were sold in the city. The Northern American continent in September. A. W. Williams & Co., New York, said that the volume of yardage of silk and cotton for the period was large, but much of the business was in the satisfactory.
